Commission preference	Human Rights, Inclusion and Engagement
Commission preference	Field not completed.
This application is for	New Term

The City's commissions review specific areas of interest and provide advice to the city council. Please describe why you want to serve on the commission(s) you listed.

Councilmember Julie Strahan told me about this opportunity and so I wanted to put my best foot forward in supporting my city that I live in and am raising my 3 children in. Human Rights, Inclusion and Engagement is important to me as a person of color. Having access and opportunities has provided me with lived experiences that I do not take for granted. In my capacity, if I am able to better support others in these areas would further align with my life's purpose in which is to be a servant leader. The things accomplished on the city's commissions my hope is to add value and make an impact for generations to come!

Please describe any activities, specific skills or experiences you have that you feel would be beneficial to serving on the advisory commission(s) for which you are applying.

A dedicated professional with over eleven years of proven work experience providing professional development and program leadership in sustaining and achieving goals and expectations. Specializes in working with communities, families and students representing various multi-ethnic, multi-abled, multi-generational, and socio-economic backgrounds in an educational setting. Knowledgeable and experienced working in both the public-school system and community-based organizations. Pursuing an Educational Specialist: K-12 Principal Licensure in fall of 2023, as well as a master's degree in Special Education (Academic Behavioral Strategist) and a bachelor's degree in marketing, builds strong relationships, a passion to strengthen schools through partnerships between families and schools and over eighteen years of servant leadership experience in working with youth. Top 5 Clifton Strengths: Communication, Ideation, Winning Others Over (WOO), Positivity & Maximizer

As a commissioner on your preferred commission(s), how could you contribute to the City's equity and inclusion initiatives?

I try and lead through my Top 5 Clifton Strengths: Communication, Ideation, Winning Others Over (WOO), Positivity & Maximizer.
-Collaborate, coach and model Courageous Conversations about race, identity & intersectionality to strengthen school culture, build community, & problem solve
-Conduct Community building and Repair of Harm Restorative Practices (RP) circles with student, families, and staff
-Train staff and Student Leaders to build community of support through RP circle
-Facilitate and lead parent workshops on diversity, health/wellness, college/career, and education
-Follow compliance with due-process guidelines and regulations

To name a few...

The City's commissions review specific areas of interest and provide advice to the city council. Please describe why you want to serve on the commission(s) you listed.

I currently work in municipal government in the Administration Department. In the past I have worked in Community Development and Finance. I would like to be more involved in my hometown community and invest my efforts to ensuring government works for the people. We're all in this together.

I would like to be part of the Finance Commission as I started my government career in the Finance Department and would like to learn more regarding how government finance can work best with the resources available. Also, I think it's important that government develop responsible budgets that prove to be good for the economics for the City.

I am also interested in the Planning Commission and have worked in Community Development as well as with City Planners and currently participate in Planning Commission Meetings as Staff where I work now.

Please describe any activities, specific skills or experiences you have that you feel would be beneficial to serving on the advisory commission(s) for which you are applying.

I work in municipal government in various departments, one of them Finance. I also owned my own small business managing all the finances.

Also, I currently participate as Staff at Council, EDA, and Planning Commission Meetings where I work in municipal government.

As a commissioner on your preferred commission(s), how could you contribute to the City's equity and inclusion initiatives?

I would look for opportunities where government resources can provide true equitable programs and services in the City of Roseville. As a Commissioner and part of the City Body, I feel there is a duty to be responsible with tax payers money but also to ensure the Community has leading opportunities to be a model for other cities in MN.

Please indicate any reasonable accommodation needed during commissioner interviews and onboarding.

None required

Preferred method to be contacted

The City's commissions review specific areas of interest and provide advice to the city council. Please describe why you want to serve on the commission(s) you listed.

The City of Roseville has exceptional citizen-facing access & approach towards sharing information around governing... it has been very empowering. I have been interested in matters coming up and being dealt with at City level. The data in the Roseville community paper and website subscription lists has me intrigued as to how I can help, listen to, reflect and positively impact Roseville's diverse social & ecosystem. I enjoy meaningful social connection with folks who want to highlight the community's people, businesses, and natural resources while working on improving access and systems to help as many stakeholders thrive as possible.

Please describe any activities, specific skills or experiences you have that you feel would be beneficial to serving on the advisory commission(s) for which you are applying.

I have been in business banking and personal financing for over 20 years while working with a diverse group of clients from all over the world who want to make Roseville and surrounding communities their home. I have extensive public speaking/presenting experience, decades of marketing experience, and use social media daily to inform community about finance related topics. I have been licensed for over 20 yrs to manage multi-million dollar portfolio of clients, highly sensitive data, and all while complying with rigorous Federal, State and local regulatory guidelines.

As a commissioner on your preferred commission(s), how could you contribute to the City's equity and inclusion initiatives?

Equity and inclusion is at the core of every decision I (we) need to make. The ability to understand, anticipate, and explain the how/why is critical to such a diverse community like Roseville. The pursuit of Equity and Inclusion is key to extracting and leveraging the community's diverse opinions, skill-sets, and talents to ensure that as many stakeholders have a voice in positively impacting the community and ecosystem around us.
