MEMORANDUM

To: Parks and Recreation Commission
From: Lonnie Brokke
Date: April 23, 2012
Re: Notes for Commission Meeting on **Tuesday, May 1, 2012**

1. Introductions/Public Comment Invited

Commissioners and staff will be introduced. Public participation and public comment is encouraged.

2. Approval of Minutes of the April 3, 2012 Meeting

Enclosed is a copy of the minutes of April 3, 2012. Please be prepared to approve or amend.

Requested Action: Approve/amend minutes of the meeting of April 3, 2012.

3. Comprehensive Surface Water Management Plan Presentation

Public Works and Consultants from SEH will be at the meeting to review with you the City Comprehensive Surface Water Management Plan. In your packet is a brief background. There will be a 15 minute Power Point presentation and then open up for discussion.

Requested Commission Action: Hear presentation and then discussion.

4. Community Engagement Task Force Report

Greg Simbeck and Randall Doneen serve on the Human Rights Commission Community Engagement Task Force as representatives of the Parks and Recreation Commission. Simbeck and Doneen will be prepared to report on the latest progress on this effort.

Requested Action: Commission discussion and feedback.

5. Park and Recreation Renewal Program

On Monday, April 23rd the Court of Appeals ruled in favor of the City. A 30 day period is allowed for an appeal to the Minnesota Supreme Court. If this occurs, then the Supreme Court can either accept or reject the case. If an appeal happens within the 30 day time frame, it is anticipated that it could take around 30 days for the Supreme Court to decide whether they will hear the case. If an appeal does not happen, the program will continue.

When projects can begin is still undetermined. Funds will be released when the legal challenge is resolved. It was anticipated that the entire PRRP would use the Best Value Procurement method with the first step of hiring a lead consultant to assist with plan timing, neighborhood meetings and initial design work. This is extremely important at least for the larger construction projects such as the buildings and shelters. As time moves on, we are nearing a concern stage for being able to construct this season. However, there are some projects that are more straight forward than others such as the playground replacements. Enclosed is a copy of the 4 year renewal program to refer to as we discuss potential timing and scenarios of projects.

No future meetings have been scheduled.

Requested Action: Hear update, discuss 2012 projects.

6. Prepare for Joint City Council/Commission Meeting

Your June meeting and the annual joint meeting of the City Council and the Parks and Recreation Commission will be held on Monday, June 18, 2012 at the City Council regular meeting. It will be the first presentation item on the agenda beginning at around 6:15 or 6:30 p.m. for 30-40 minutes. It is important that there be full attendance. This is your meeting with the City Council to discuss areas of importance to you and to gather input and guidance from them.

To prepare the City Council for the meeting, a draft memo outlining the highlights of the work of the Commission over the last year and areas the Commission sees working on over the next year is included in your packet. When considering items for the next year, please consider the enclosed City Council work plan objectives as appropriate.

Please mark your calendars for Monday, June 18 , 2012.

Requested Commission Action: Discuss and finalize memo to City Council and approach for joint meeting.

7. Directors Report

8. Other

9. Adjournment

**ROSEVILLE PARKS AND RECREATION COMMISSION
MINUTES OF MEETING OF APRIL 3, 2012
ROSEVILLE CITY HALL ~ 6:30PM**

PRESENT: Azer, Diedrick, Doneen, Etten, Ristow, Simbeck and Wall

ABSENT: Boehm, D. Holt, M. Holt contacted staff with excused absence

STAFF: Brokke

1. INTRODUCTIONS/ROLL CALL/PUBLIC COMMENT

None

2. APPROVAL OF MINUTES – MARCH 6, 2012 MEETING

Minutes of the March 6, 2012 meeting were approved unanimously. Chair Etten thanked former Commissioner Gale Pederson for her work.

3. INTRODUCTION AND OATH OF OFFICE FOR NEW COMMISSIONER

Nolan Wall took the Oath of Office from Commission Chair Etten. After the swearing in ceremony, Wall and other Commissioners shared a brief background of themselves.

4. COMMUNITY ENGAGEMENT TASK FORCE REPORT

Etten introduced the topic and explained that Commissioner Simbeck and Doneen serve on the Human Rights Commission Community Engagement Task Force.

Doneen updated the Commission on their current work indicating that the task force is charged with developing recommendations for civic engagement. Overall the city does a good job in this area and the task force is searching for room for improvement. They are discussing areas such as neighborhood notifications, neighborhood identity development and enhanced internet activities. A draft recommendation has been discussed with the City Manager and City Planning Staff with a preliminary report expected to be provided to the City Council soon. For various reasons, the task force is a bit behind the early 2012 deadline.

5. PARK & RECREATION RENEWAL PROGRAM DISCUSSION

Chair Etten introduced the topic. No new information is available on the litigation status. The City is waiting for the decision of the appellate court. Etten commented on the good weather this spring that would be ideal in accomplishing many of the renewal projects but emphasized to the commission and to the community that work cannot begin until the litigation is cleared up.

Staff communicated to the Commission that most of the preparation work that can be done has been done without incurring substantial costs.

Staff and the City Attorney have been working through the Arizona State Agreement on the Best Value Procurement but the contracts have not yet been executed. Timing of execution is very important due to the need of having ASU on board for the duration of the four year program. Concerns were expressed about missing the reasonable construction season for projects.

Leveraging resources to compliment the Park and Recreation Renewal Program has been successful so far including partnerships with FORParks, FORHANC, Roseville Rotary and the award of a natural resource grant for tree planting.

A meeting with FORParks and FORHANC was held to discuss the Nature Center improvements and explain the status of the renewal program. It is still the hope of the groups that 2012 is the year to begin the projects.

Staff reminded the Commission and the Community that, in anticipation of the Renewal Program, the Park Improvement Program (PIP) had been substantially reduced in 2012 not allowing for a typical PIP project year.

Doneen mentioned his desire to tap into the huge volunteer resource. Specifically, in the time of waiting for a court decision, are there possible projects that can be done to maintain the community enthusiasm. Doneen volunteered to frame possibilities that could limit staff resources and costs, provide training and be done safely. For example, with buckthorn eradication being of extreme interest to the community, could there be a smaller project area that could be done to keep people engaged while waiting for a decision. Commissioner Doneen will draft a proposal for staff and commission review.

Ristow commented on the reduction of staff and resources to the parks and recreation system making it more difficult to accomplish natural resources tasks like buckthorn removal. It is not only the removal of buckthorn, but substantial resources are needed for disposal.

Staff reminded the Commission that the full time park supervisor position that handled these efforts in the past was eliminated from the department's budget leaving a substantial void. The Renewal Program was intended to help in this area.

Wall summarized some of the key items outlined by the Commission and staff that should be addressed including awareness, safety, proper training, proper supervision and disposal.

6. DIRECTORS REPORT

- Brokke described the City Council Work Plan that was included in the packet. It is work in progress and begins with the community aspirations followed up with the existing work plan and short term and long term plans. Eventually when the City Council completes their work, it is anticipated to be incorporated into Commission goals and individual department's strategic plans. Following were some general comments:
 - Chair Etten commented on the importance of the goals reflecting parks and recreation as an integral part of the community.
 - Azer commented on her observation of the important role of the parks in the community and how they are intermingled in many sections of the work plan. Much work has been done by the Commission to get people involved.
 - Doneen encouraged the city to identify the specific need for the shoreland and erosion control ordinance item and contact the area hydrologist to work on it rather than wait for the DNR. The DNR is not anticipating doing anything at this point.
 - Doneen commented on the overall interweaving of parks and recreation in many of the items, whether they are called out specifically or not. He assumed parks and recreation staff would be involved and that the budget would follow the direction.
 - Ristow commented on the importance of and the high use of our parks and the need to keep them vibrant as gas prices are increasing and people staying home more.
- Doneen commented on how parks and recreation recently touched him and his family as his son registered for the high school disc golf program. Specifically, if there was not a disc golf course, there would be no program.
- Brokke distributed the 2011 annual report and thanked Jill Anfang for her work. Chair Etten asked Commissioners to review the report and come back to the next meeting with any questions.
- Roseville Parks and Recreation will be providing recreation opportunities to the City of Lauderdale again in 2012 through a Recreation Agreement.

- Reminder that the annual ethics training will take place on Wednesday April 11th at City Hall.
- Preliminary word has been received on the success of a \$25,000 Community Forest Grant to plant trees.
- Preliminary word has been received on the success of a \$5,000 grant from the Metropolitan Regional Arts Council for the 2012 Summer Entertainment Series.
- Over 1000 people attended the Arts at the OVAL event on March 24 and 25, 2012.
- Summer staff interviews are complete. More than 100 applications were received.
- Genisys Credit Union will be the title sponsor for Rosefest 2012.
- Affinity Plus Credit Union will be the title sponsor for the 2012 Rose Parade.
- Garden Plot reservations begin April 9th for Roseville residents.
- Earth Day celebration is scheduled for April 21st.
- Cedarholm Golf Leagues are now forming.
- The 43rd annual “Everything Coming Up Roseville” Ice Show will be April 27th - 29th, 2012.

7. **OTHER**

- Chair Etten announced a park cleanup event at Villa Park and Reservoir Woods on Saturday, April 14th beginning at 8:30 a.m. All are welcome for this fun and productive day.

8. **ADJOURNMENT**

Meeting adjourned at 8:00 p.m.

Respectfully Submitted,
Lonnie Brokke, Director

Roseville, MN
Comprehensive Surface Water Management Plan - 2012 Update
Parks and Recreation Commission Meeting
6:30 PM – Tuesday May 1, 2012

BACKGROUND

The City has recently initiated an update to its Comprehensive Surface Water Management Plan (CSWMP) which was originally developed in 1990 and was last updated in 2002. The CSWMP is a document that is required to be updated to maintain consistency with local watershed standards and with the Metropolitan Surface Water Management Act. The CSWMP is a required chapter of the City's overall Comprehensive Plan and establishes the City's vision for managing storm water and surface water drainage throughout the City.

Roseville completed its Parks and Recreation System Master Plan in 2010 and also has a Parks and Recreation Natural Resources Management Final Report completed in 2002. Both of these Parks and Recreation documents address surface water and natural resource management topics that have direct connections to the scope of the CSWMP. In addition, Roseville's Parks have historically been associated with water features including lakes, ponds and wetlands and many of the parks have played a significant role in managing stormwater. This strong connection between parks and surface water management will continue and coordinating the goals of the various plans and programs will provide for greater consistency in implementation efforts and reduce potential conflicts between the plans.

There are three primary goals for this meeting with the Parks and Recreation Commission. First is to give the Commission a brief overview of the CSWMP update process and schedule. Second, staff will highlight some examples of how other cities have combined stormwater management and park system goals by repurposing park areas and increasing the overall value of the park system. Third, and most importantly, we are looking for input from the Commission on potential opportunities to combine goals and efforts towards improved education for park users, new or improved water quality treatment systems, and changes in the type or reductions in the costs of maintaining water and natural resource areas within the parks system.

ROSEVILLE

Parks and Recreation Department

7 To: Mayor, City Council Members and City Manager William Malinen
8 Cc: Roseville Parks and Recreation Commission
9 From: Lonnie Brokke, Director of Parks and Recreation
10 Date: April 23, 2012
11 Re: Joint Council/Commission Meeting on June 18, 2012

12
13 The Parks and Recreation Commission are looking forward to the joint Commission/City
14 Council Meeting on Monday, June 18, 2012 at approximately 6:00 p.m. and provide the
15 following topic areas for discussion:

- 16
17 1. Review of the Past Year
18 a. Master Plan Implementation
19 i. Park and Recreation Renewal Program
20 ii. Survey
21 b. Park Dedication
22 i. Rate Review
23 ii. Meritex Enterprise and Josephine Woods
24 c. EAB Grant
25 i. Forestation Control Ordinance
26 ii. EAB Management Plan
27 iii. Tree Inventory
28
29 2. 2012-13 Topics of Discussion
30 a. Park and Recreation Renewal Program (PRRP)
31 i. Community Volunteers
32 ii. Pathway Plan in conjunction with Public Works
33 b. Park Board/Park District
34 c. Local Option Sales Tax
35 d. Capital Improvement Program (CIP)
36 e. Park Improvement Program (PIP)

37
38 Thanks for taking the time and interest in meeting with the Commission.

REQUEST FOR COUNCIL ACTION

Date: March 19, 2012
Item No.: 13.d

Department Approval

City Manager Approval

WJ Malinen

Item Description: Discuss Updated Strategic Planning Summary

BACKGROUND

On February 13, 2012 and February 27, 2012 the Council reviewed a strategic planning summary in an effort to outline City objectives. Attachment 'A' is the result of the suggested changes and revisions made by Council and department staff. The summary does not include the first page outlining mission statements and aspirations as it will be reviewed separately at a later date.

POLICY OBJECTIVE

Review the updated strategic planning summary outlining the objectives in the Council work plan.

BUDGET IMPLICATIONS

None.

STAFF RECOMMENDATION

Discuss updated strategic planning summary.

REQUESTED COUNCIL ACTION

Discuss updated strategic planning summary.

Prepared by: William J. Malinen, City Manager
Attachments: A: Updated Strategic Planning Summary

Economically Healthy With a Stable Tax Base, While Conscious of Impacts to Residential Neighborhoods

Existing Work Plan Items:

- Modify and update City Code to be in compliance with Comprehensive Plan and Zoning Code (*IN PROGRESS – ADU adopted 10/10/11; Variance and Sign codes pending*)
- Strategically look at City’s role in fostering the redevelopment of Twin Lakes; Create a comprehensive economic development policy and mission to support existing businesses within Roseville and that also markets the community and attract(s) new businesses. (*Twin Lakes: IN PROGRESS – Initial discussion 7/11; New Normal presentation 11/11; follow-up discussion required (Comprehensive economic development policy: IN PROGRESS – Initial discussion 9/11; New Normal presentation 11/11; follow-up discussion required)*)

Long Term:

- Create incentives to foster redevelopment of underutilized properties (not just in housing) and to eradicate areas of high crime concentration.
- Engage industry experts to identify programs and amenities necessary for future cities to remain vibrant in the future. i.e. long-term planners, retail experts, housing and transportation officials
- Increase efforts toward business and economic development: Develop strategies; dedicate staff resources; engage the business & development community; enhance our “tool box”
- Support a diversified economy: Variety of Employment Opportunities; Head of Household Wage Jobs – Put into Broad policy.
- Build effective partnerships with the private sector to actualize new urban design concepts in future redevelopment

Safe and Law-Abiding

Existing Work Plan Items:

- Support findings of Fire Building Committee (*IN PROGRESS – bonding and phase II architectural and construction mgmt contracts approved 12/11*)
- Develop neighborhood Traffic Management Policy (*IN PROGRESS – at PWETC for consideration and recommendation to Council*)

Short Term:

- Re-evaluate “nuisance code” language – is a flat tire a nuisance? (Short term process, Long term adoption)
- Review current Firefighter (part-time) pay & benefits
- Increase the quality of Police Department training, especially in technology-related criminal investigations
- Update City of Roseville dispense plan increasing area resident inoculation and vaccinations, and update the Emergency Operating Plan and training.

Long Term:

- Increase ongoing efforts with retail community by adding commercial patrol officers.
- Continue to evaluate and improve emergency medical care, services, & training.

Welcoming, Inclusive, Diverse, and Respectful of Each Other

Existing Work Plan Items:

- Continue and possibly expand the (Police) Department’s New American Forums in cooperation with Human Rights Commission and Fire Department (*ONGOING – several events in 2011*)

Long Term:

- Implement a stake holders group that routinely exchanges information on cultural differences and their interactions with the police and other governmental service providers

94

95

Secure in our Quality Housing Options

96

97 Existing Work Plan Items:

98

- 99 • Aggressively deal with problem multi-family properties increasing HRA's role in issues
100 that may include, but are not limited to, the condition of multi-family properties located
101 in SE Roseville, how the City can apply regulatory measures that will enforce quality (i.e.
102 safe and well maintained) multi-family properties, and whether acquisition of
103 problematic properties is possible. (*IN PROGRESS – HRA discussion 10/11; planned*
104 *HRA discussions into 2012*)

105

106 Short Term:

107

- 108 • Expand the Neighborhood Enhancement Program proactive code enforcement efforts to
109 commercial properties.

110 Long Term:

- 111 • Stabilize property tax rates to encourage investment in and improve quality of Roseville
112 housing

113

114

Environmentally Responsible, with Healthy and Well-Maintained Natural Assets

Existing Work Plan Items:

- Model Better Environmental Stewardship (*IN PROGRESS – REACT Team in-place, with results reported 12/11; need to identify how; looking at geothermal for campus, consider other ways; develop sustainability plan?; further discussion needed?*)

Short Term:

- Explore and implement tiered water and sewer rate structure for Residential and Commercial.
- Ordinance Updates, Shoreland and Erosion control (*IN PROGRESS – Adopted coal tar ordinance 2011; Shoreland waiting on DNR; Erosion control in works*)
- Develop Overhead Electric Undergrounding Policy (*IN PROGRESS - at PWETC for consideration and recommendation to Council*)
- Explore ways to improve sustainability through purchases and practices, and apply sustainable methods to areas where appropriate. (Short and Long Term)

Long Term:

- Support and maintain Forestry Program.

Engaged in Our Community's Success through Our Roles as Citizens, Neighbors, Volunteers, Leaders, and Businesspeople

Existing Work Plan Items:

Short Term:

- Discuss and implement an ongoing, community driven visioning process.
- Support Human Rights Commission's efforts on civic engagement and neighborhoods (*IN PROGRESS – HRC Task Force underway; report expected early 2012*)

Short & Long Term:

- Improve communications with residents (Televised materials; News letter; Newspaper; Mailings).
- Discuss and evaluate council goals and directives for existing city commissions and explore the potential of newly created commissions and boards (i.e. Park Board/Park District & Finance Commission).

Long Term:

- Support initiatives to better communicate with local businesses and 2025 vision to continue to recognize and incent the spirit of "volunteer" within Roseville (*IN PROGRESS – seems to be confusion as to what this item is about*) (Long term-strategy; Short term-'To Do List')
- Routinely seek community input to evaluate and continuously improve city services (*ONGOING – Survey in 2011; parks master plan efforts & 2011 survey*)
- Support city-wide record management system to accurately and electronically create, store and retrieve documents (*IN PROGRESS – System in place; departments must input information*)
- Support Volunteer Management Program (*IN PROGRESS – requires 0.5 FTE position; get businesses involved; determine dept for position; further discussion/decisions required*)

172

173 **Physically and Mentally Active and Healthy**

174

175 Existing Work Plan Items:

176

- 177 • Support implementation of Parks and Recreation Master Plan & Refine the process for
- 178 2013-15 Park and Recreation Renewal Program – Support Citizen Organizing and
- 179 Implementation Teams including identifying other funding mechanisms (*IN PROGRESS*
- 180 – *Teams made recommendations for Phase I in 2011; bonding passed in 2011 for phase*
- 181 *I*) (Short term for Department)

182

183 Short Term:

184

- 185 • Re-evaluate the Parks Improvement Plan in the context of the CIP (CIP Task force)

186

187 Long Term:

188

- 189 • Develop better strategies and plans for supporting our senior community (Short term –
- task force) (Long term –strategies)

190

- 191 • Develop better connections between city government, school districts, and public and
- private providers of services to those in need in our community.

192

193

Well-Connected Internally and Externally through Transportation and Technology Infrastructure

Existing Work Plan Items:

- Improve Walkability of Neighborhoods By Continuous Additions of Trails and Sidewalks (*ONGOING – Dale St in 2011; Fairview 2011/12; Acorn Park?*)(Long Term)

Short Term:

- Continue to lobby for the Northeast Diagonal transportation corridor.
- Establish sustainable funding mechanisms for the replacement of city information systems, streets, sidewalks, and parking lots. (CIP Task Force)
- Develop a build-out plan for existing pathway master plan and parks & rec master plan pathway components, connect multi-family to bus stops and school crossings (on the same side of the street as the complex). (Short term/Long term for Departments and CIP.)

Long Term:

- Participate in regional transportation planning efforts-to ensure adequate regional resources are allocated to transit and transportation infrastructure to serve Roseville needs

Organizational Mission Statement

Plan and deliver effective, efficient, and customer-oriented services and infrastructure in support of community aspirations, implemented by a competitively supported professional staff that is guided by systematic performance measurement

Existing Work Plan Items:

Short Term:

- Continue to emphasize and refine performance measurement programs. *(IN PROGRESS – Initial measurements reported to council; gathering data on those areas for reporting back; next steps include expanding list of measures)*
- Actively pursue and implement a local option sales tax.
- Continue implementation of the CIP program.
- Develop budgeting strategies to achieve a more united (even) compensation structure for union and non-union employees (For Discussion)

Long Term:

- Create a succession, leadership, career development, training, recruitment and retention management plans to ensure quality service *(IN PROGRESS – some departments further along than others; not doable in all departments)*
- Participate in regional and intergovernmental collaborations for shared service opportunities *(ONGOING – Existing IT partnerships with 20+ agencies; added JPA w/Maplewood for engineering; added JPA w/Lauderdale for rec; others)*
- Develop, implement, adequately fund long-term capital and infrastructure management program *(IN PROGRESS – see notes on similar items above)*

Goals and policies

This section describes a series of statements of intended directions for Roseville's parks and recreation system. These goals and policies are used by parks and recreation department staff, the Parks and Recreation Commission, and the City Council as they make regular and long-term decisions about the elements of the parks and recreation system. Goals are established for:

- *Park and recreation systems management*
- *Parks development, redevelopment, and rehabilitation*
- *Park and open space acquisition*
- *Trails, pathways, and community connections*
- *Recreation programs and services*
- *Community facilities*
- *Natural resources management*

Goal 1 ***Parks and Recreation Systems Management***

Maintain ongoing parks and recreation planning, maintenance, and asset management process that involves citizen engagement, adheres to professional standards, and utilizes prudent professional practices. Ensure timely guidance for protecting the community's investment in parks, open space, and recreation programs and facilities to enhance their long-term and sustained viability. Policy 1.1: Re-evaluate, update, and adopt a Park and Recreation System Master Plan at least every five years to reflect new and current trends, changing demographics, new development criteria, unanticipated population densities, and any other factors that affect park and recreation goals, policies, and future direction of the system.

Policy 1.2: Monitor progress on the Parks and Recreation System Master Plan annually to ensure that it provides actionable steps for maintaining, improving, and expanding the system.

Policy 1.3: Maintain and operate parks, open space, and recreation facilities in a safe, clean, and sustainable manner that protects natural resources and systems, preserves high quality active and passive recreation opportunities and experiences, and is cost-effective.

Policy 1.4: Consider staffing and resource needs in

the evaluation of proposals for additions to parks, programs, and facilities.

Policy 1.5: Use the Sector and Constellation organization structure as the basis for park, recreation program, and facility locations, development, and service delivery.

Policy 1.6: Enhance neighborhood and community identity in the design of parks, programs, and facilities through public art, special events, and stewardship of natural features.

Policy 1.7: Establish a service standard of having a neighborhood park or active play space in every park service constellation.

Policy 1.8: Preserve parks and school open space areas as part of the citywide systems plan for structured recreation space and unstructured preserved natural areas.

Policy 1.9: Include Ramsey County park land and open space in planning and providing recreation services to Roseville residents.

Policy 1.10: Seek partnership to provide the community with a greater diversity or number of parks and facilities, and to offer a more expansive catalog of programs and events.

Policy 1.11: Seek sponsorships and scholarships and other revenue streams to facilitate program fee reductions.

Policy 1.12: Continue to coordinate, cooperate, and collaborate with adjacent communities, school districts, and governmental jurisdictions to leverage resources regarding the use of parks on common municipal boundaries and on joint programming where appropriate for mutual benefit to optimize open space, fitness, and recreation programming and facility options.

Policy 1.13: Complete park concept plans for all parks.

Policy 1.14: Evaluate the maintenance implications of potential park land acquisitions and capital improvements.

Policy 1.15: Annually recommend the adoption of a ten-year Capital Improvement Plan (CIP) for Parks and Recreation.

Policy 1.16: Use the procurement methods that deliver the best value for the community.

Policy 1.17: Research, develop, and recommend to the City Council and citizens periodic bond referendums, park and trail dedication fees, urban forest management fees, special assessments, or other funding programs to reinvest in parks and recreation facilities needed within Roseville.

Policy 1.18: Explore the potential for implementing a park service district as a means of creating a sustainable, independent source of local funding for the parks and recreation system.

Policy 1.19: Supplement the development and maintenance of parks and recreation lands and facilities with the use of non-property tax funds.

Policy 1.20: Pursue local option sales tax or State bond funds to support Roseville facilities of regional or State-wide significance.

Policy 1.21: Discourage commercial uses in parks, programs, or facilities and/or parks and recreation facilities. However, commercial uses could be permitted in situations in which the proposed use complements the park or recreation function, is benign, or where it does not conflict with the purpose of the park, recreation facility, or the overall intent of the Parks and Recreation System Master Plan. In no case should a commercial use be permitted in designated conservation or natural use areas.

Policy 1.22: Involve the Parks and Recreation Commission in the parks and recreation planning process. Support the Commission in its role as liaison between citizens and Roseville's elected officials and appointed staff to interpret citizen needs and interests and to recommend programs, facilities, and services that serve them. Stimulate additional volunteer involvement in the delivery and support of the parks and recreation system.

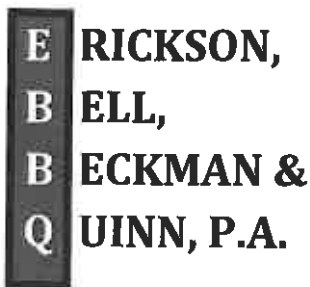

Policy 1.23: Involve a diverse and representative group of participants in the parks and recreation planning process. Conduct active and continuous interaction within the community

with neighborhoods, special interest groups, and individuals of all ages to achieve effective recreational programming and facility development.

Policy 1.24: Parks and recreation staff should play the key role in the delivery of parks, programs, and facility services. Community volunteers should be used whenever and wherever possible and appropriate to enrich the experience for the participant and volunteer.

Policy 1.25: Develop and implement an ongoing public information and marketing program to inform the public of their investments, opportunities, and benefits of a quality parks and recreation system.

Policy 1.26: Assign names, or change names, of City-owned parks or recreation facilities, in consultation with the Parks and Recreation Commission, based on natural habitat, geographic location, and appropriate non-descript terminology. Only under certain and exceptional circumstances will consideration be given to names of individuals and/or organized groups, associations, or businesses.

TO: Lonnie Brokke
FROM: Charles R. Bartholdi
RE: Park Districts
Our File No: 1011-00186
DATE: August 16, 2011

You recently asked that I give you the statutory authority for Park Districts, Park Boards and Park Commissions. I am in this regard sending you a copy of Minnesota Statutes § 398.01, 398.08, 398.09, 412.501, 412.511, 412.521, 412.531, 412.111 and 412.271.

Minnesota Statutes § 398.01 provides that a Park District must be established by a Board of County Commissioners. Therefore, a City is not authorized to establish a Park District. Minnesota Statutes § 398.08 and 398.09 indicate that a Park District can act as an independent entity and sets forth the general and special powers of a Park District.

Park Boards are controlled by Minnesota Statutes § 412.491 through 412.531. While a Park Board can act independently on many matters, the funds for its operation are established by the City Council.

Minnesota Statutes § 412.111 gives the City the power to create departments and advisory boards. Minnesota Statutes § 412.271, Subd. 6 gives the City the power to give an independent board or commission the right to disburse funds without council approval. The City Council has not given the Roseville Park Commission such power. The Roseville Parks and Recreation Commission has only been given the power to act as an advisory committee and perform the other duties listed under Roseville City Code Section 203.04. As such, it does not have independent powers to make contracts and otherwise act as independent entity of the City.

When you get this memo, please give me a call. We can then discuss it further at that time.

CRB/alb
Enc.

Capital Improvement Plan (CIP)

Park and Recreation Renewal Program (PRRP)

Park Improvement Program (PIP)

- **Contractual many times**
- **Flexibility – responding to residents, groups, requests, immediate safety issues that arise**
- **Leverage \$\$/value adding through groups, individuals, etc.**
- **Rollover account – vital – to combine two or more years of resources**

Park Maintenance (PM)

Categories

- **Playground safety surface and repairs**
- **Tree mulch**
- **Ag-lime replacement**
- **Amenities (trash cans, lids, grills, picnic tables, etc.)**
- **Irrigations systems replacement**
- **Field upgrades – fence, irrigation and turf repairs**
- **Sign maintenance –restain, section replacement**
- **Landscaping – Lex. flowers, sign planting/edging, trees**
- **Tennis courts – crack repairs, color coat, lines**
- **Water features – waterfall, aeration system and Arb. fountain**
- **Park and Recreation Renewal Program Assistance**
-

April 6, 2012

Dear Harriet Alexander Nature Center Neighbor:

As a part of the City of Roseville's Natural Resource Management Program, our prairie area is control burned every two years. The burn is used as a management tool to control weeds and enrich prairie plants. We plan to burn on April 16th at around 10:00 AM, or the first weather conducive day thereafter.

The Roseville Fire Department and additional staff will coordinate the burn. The exact start time of the burn will rely on the weather.

Please feel free to call with any questions.

Sincerely,

Lonnie Brokke, CPRP
Roseville Parks & Recreation Director

Subject: Parks & Recreation Renewal Program Update

Message sent on behalf of Jason Etten, Citizen Organizing Team Lead,
Parks & Recreation Commission Chair Lonnie Brokke, Parks & Recreation
Director

Parks & Recreation Citizen Organizing Team, Implementation Work Groups
and Interested Citizens,

This update is provided to you following a number of recent inquiries as
to the status of the Parks & Recreation Renewal Program and when the work
will begin.

The City anticipates a decision on the legal challenge sometime between
now and May 10th. After the decision is made, there is a 30-day appeal
period that puts us into June.

We are cautiously and respectfully moving forward doing what is possible.
We have begun to secure matching funds from natural resource grants and
affiliated groups to supplement and extend the Parks & Recreation Renewal
Program bond fund.

We are also doing as much planning work as possible for projects in year
one and two without incurring substantial costs. As the year goes on so
does the construction season, challenging Renewal Program timelines.

Thank you for your continued interest and involvement. Please stay
connected as we move forward to renew and improve our Parks & Recreation
system. We will continue to keep you updated as more information becomes
available.

If you have any questions, please give Lonnie a call or stop in to see
him at City Hall.

Lonnie Brokke 651-792-7101 lonnie.brokke@ci.roseville.mn.us

Information

- International Skating Institute (ISI) recreational skating lessons are offered for beginning to advanced skaters.
- Students placed according to age and ability
- Classes meet once per week on Wednesdays for eight sessions
- Student to instructor ratio is a maximum of 12:1
- Helmets and mittens are highly recommended for beginner skaters, especially tots
- Students enrolled in summer are not automatically enrolled in fall so be sure to register early to get a spot!

An \$8.00 processing charge will be added to all cancellations.

Registration is on a first come, first served basis

THERE ARE NO PROVISIONS FOR MAKE-UP CLASSES

Looking for more instruction....

Roseville Figure Skating Club Membership

The Roseville Figure Skating Club offers skaters a competitive environment to train and compete within USFSA. As a member of RFSC, you may purchase additional practice time to develop skills. RFSC members are also eligible to compete in qualifying and non-qualifying competitions throughout Minnesota.

Coming up....

Fall sessions are a perfect time to learn or practice your skating skills before everything turns to ice outside. Classes meet from beginning of September through November.

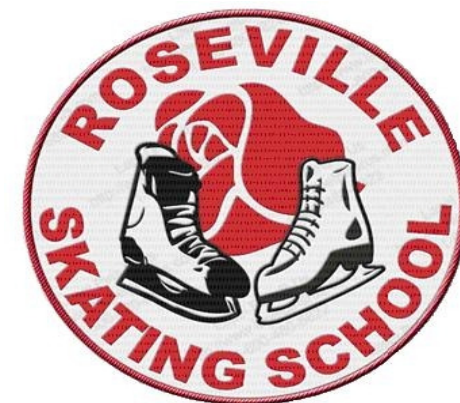

Winter/Spring sessions give the participants the chance to be a part of our annual ice show. The session meets from the beginning of December through April with the ice show being held at the end of April.

Peter Pan - Movement

#3306.226

July 16-20

Join Wendy, Tinkerbell, and Peter Pan on a fun and funny journey into Never Never Land to rescue their friends from Captain Hook and his band of pirates! An awesome adventure told through movement and physical comedy.

Recommended for ages 8-14

The Tiger Kings

#3306.227

July 23-27

A special opportunity for younger kids! You've heard that the Lion is King of the jungle, but there's a pack of wily tigers that think it's time for some new royalty! Act and play in a hilarious new story where you get to play your favorite jungle animals.

Recommended for ages 7-11.

The Wild Wild East - A Musical Comedy

#3306.228

July 30-August 3

Cowboys in New York? When a goofy bunch of travelers set out for the Wild West to become cowboys, they get lost, and end up going to New York City instead! In this ridiculous tale of mistaken identities, music, treasure hunting, and rescue, THE WILD WILD EAST will be a musical journey for all ages to enjoy!

Recommended for ages 8-14

Secrets of the Ninjas - Tech & Acting

#3306.229

August 6-10

Can you walk on walls? Can you turn invisible? Back by popular demand, a special camp designed for both actors (on the stage) and techies (behind the scenes). Take the audience on a ninja adventure where the impossible IS possible and the only limit is your imagination. This camp is designed for tcampers age 11-15 and those interested in acting and/or learning technical theatre.

2012 Youth League Information

Roseville Cedarholm Youth Golf League is now open to boys and girls ages 9-15! League play is on Mondays for 11 weeks from June 11 - August 20. **NEW** this year is a girls-only block of tee times from 11:15-11:45am each Monday! Mixed boys & girls tee times run from 12-2:15pm. Different events with prizes are played each week. Scramble tournament played on August 20 with tee times and root beer floats to follow the round.

Basics/Etiquette clinics will take place on June 11. Clinics run for 25 minutes and are at 10:45 (girls only), 11:15, 11:45, 12:30, 1 or 1:30 (boys & girls mixed). Clinics are limited in size and signup is on a first-come, first-serve basis. Tee times for the first week will be determined by the clinic participants sign up for. Have a friend you'd like to golf with? Be sure to sign up for the same clinic time in order to ensure you can golf together. League members must attend one of the clinics.

Need clubs? To encourage kids to play who don't own their own set of clubs, a limited number of rental clubs are available to youth league members thanks to Hamline AutoBody! Complimentary club usage is available during youth league only. Please contact the clubhouse manager to reserve a set.

6/11-8/20 11:15-11:45 \$129 (girls only)
6/11-8/20 12-2:15 \$129 (girls & boys)

Includes registration fee, green fees for 11 weeks, clinic, league novelty item, weekly prizes and rootbeer floats on last day of league! Please call or email with questions: 651-792-7154 / golf@ci.roseville.mn.us

Pottery in the Park

MURIEL SAHLIN ARBORETUM

Community Raku Pottery Firing

Sponsored by the Roseville Parks & Recreation Department
and the Roseville Area Arts Council

11th Annual

Saturday, May 19th, 2012

11 am to 3pm*

**Muriel Sahlin Arboretum, Roseville Central Park
Dale Street between County Roads B2 & C**

Create, Glaze, Fire, Enjoy!

Purchase a small pot, glaze it, fire it and take it home the same day! *last firing at 3pm or when we run out of pots

Raku is an ancient Japanese firing technique where the pots are removed hot from the kiln, covered with sawdust and then cooled. Glaze results are unpredictable and usually spectacular.

Note to experienced potters: If you bring your own bisqueware the firing price is \$1.50 per pound
