

Free Energy Assessments for Roseville Businesses

The City of Roseville is teaming up with area businesses and Energy Smart from the Minnesota Chamber of Commerce to perform **FREE** energy assessments for businesses.

Energy Smart consultants offer on-site assessments to evaluate the business' potential to save energy, reduce operating costs, and earn Xcel Energy rebates.

We will be stopping by local businesses at the end of April to schedule Energy Smart assessments.

Minnesota Chamber of Commerce
ENERGY SMART

Ready to schedule your free energy assessment now?

Sign up at MNEnergySmart.com and visit mnchamber.com/energy-smart for more details.

After receiving an assessment, businesses can:

- Have direct access to an experienced energy expert
- Receive a customized savings plan with operational tips, recommended upgrades, and Xcel Energy rebates
- Get help reviewing bids or finding a contractor
- Receive assistance completing and submitting rebate paperwork
