

City of Roseville Night to Unite

INSTRUCTIONS FOR CLOSING CITY STREETS

Please use the yellow caution tape provided to you to temporarily close City streets for your event. Caution tape may be picked up at the Police Department between 8 a.m. and 4:00 p.m.

Installation: Party Organizer is responsible for tape installation.

1. The block event tape is cut into rolls of 50 feet of tape. Feel free to take one or two rolls of tape based on whether you will be blocking off one or both ends of the street.
2. Parallel park two vehicles, one on each side of the street along the curb. – **DO NOT PARK VEHICLES IN THE INTERSECTION TO BLOCK THE STREET**
You may also tie the tape to objects to hold it in place.

NOTE: The parallel-parked vehicles narrow the street opening, reducing the ability for vehicles to drive through the tape, but still leave enough room for emergency vehicles to drive through if need be.

Removal: Applicant is responsible for tape removal.

1. Remove the tape immediately following the event to re-open the street.
2. Move the parallel parked vehicles as appropriate.
3. Dispose of the tape in your residential garbage or keep it on hand for next year!
