**ROSEVILLE PARKS AND RECREATION COMMISSION**  
**MINUTES OF MEETING OF APRIL 7<sup>th</sup>, 2009**  
**ROSEVILLE CITY HALL ~ 6:30PM**

**PRESENT:** Brodt Lenz, Etten, Hiber, D. Holt, M. Holt, Kendall, Pederson, Ristow, Stark, Willmus  
**ABSENT:** None  
**STAFF:** Brokke

**1. INTRODUCTIONS/ROLL CALL/PUBLIC COMMENT**

There was no public comment.

Commissioners introduce themselves and communicated a bit of their background.

**2. APPROVAL OF MINUTES – March 3, 2009 MEETING**

Minutes for the March 3, 2009 meeting were approved unanimously.

**3. SWEARING IN OF NEW COMMISSIONERS**

Chair Willmus officially administered the oath of office to Gale Pederson, reappointed for another term and to newly appointed members: Jason Etten, David Holt and Mary Holt. The Commission welcomed and thanked all members for their willingness to serve.

**4. REVIEW AND AFFIRM DEPARTMENT MISSION**

Staff reviewed and explained the history of the current mission statement and indicated that it has served the department well over a number of years. The mission statement is regularly reviewed and affirmed by staff and this is an opportunity for the Commission to weigh in. This is an excellent time to revisit the mission and vision as we embark upon the Park and Recreation System Master Plan update which is expected to garner input from the community in numerous fashions.

Commission members discussed the mission statement generally feeling that it was lengthy, should be revised, be more pointed and more intentional. It was suggested that it be revisited and discussed further as the Parks and Recreation embarks upon the Master Plan update.

**5. COMMISSION GOALS DISCUSSION**

Staff explained that traditionally, at this time of year, the Commission discusses and establishes goals for the upcoming Commission year (April-March). The 2008/09 goal topics were reviewed and discussed. There was a good deal of discussion centering on what is a goal and what is an objective and that they should be clear and measurable. It was decided that this would be a good topic for a retreat and that the joint City Council and Commission meeting in June may help to set some priorities for which to begin.

Commissioner Stark agreed to develop a spreadsheet of the goals with a tracking method that could be discussed periodically at Commission meetings. Commission members were given a homework assignment to submit possible goal topics to Brokke to compile for further discussion at the May meeting.

**6. FRANK ROG AMPHITHEATRE UPDATE**

Staff reported on progress of the Amphitheatre project. The project is moving forward, all parts of the project have been contracted and are either in progress or will be as the weather improves to allow outside work. The project components include;

- repairs to the roof and siding
- painting and staining of the entire amphitheatre
- sound and lighting upgrades
- lakeside decking repairs and replacement
- addition of public art
- facility dedication and community celebration

## 7. DIRECTOR'S REPORT

- A reminder was given that as a result of the MVHC loss, staff is implementing adjustments. Also, an explanation was given that there are two sides to the equation – revenue generation and reductions. The ideal situation is to apply a combination of the two. If Commission or Community members have an interest in contributing or know of sources who may, please have them contact a staff member.
- The joint City Council/Commission meeting is scheduled for June 15<sup>th</sup>. It was suggested that preparation of an agenda be at the May meeting.
- Cedarholm Golf Course opened today, April 7<sup>th</sup>.
- Accreditation dates have been finalized and will be the week of May 26-29
- Muriel Sahlin Arboretum restroom/multi purpose facility is still being pursued by the Roseville Central Park Foundation
- Future Commission Agenda items to consider;
  - Forestry program
  - Pathway plowing

## 8. OTHER

- Brodt Lenz questioned whether the Rog plaque needed to be in Braille?
- It was suggested that the joint City Council/Commission meeting be an open discussion format
- Willmus voiced his concern of using park and recreation related monies for the removal of diseased and hazardous trees on street right of ways

Meeting adjourned at 7:45 pm

Respectfully Submitted,  
Lonnie Brokke

## MEMORANDUM

**Meeting Location is Roseville City Hall 2660 Civic Center Drive**

To: Parks and Recreation Commission

From: Lonnie Brokke

Date: March 30, 2009

Re: Notes for Commission Meeting on Tuesday April 7, 2009

### 1. Introductions/Public Comment Invited

Commissioners and staff will be introduced. Public participation and public comment is encouraged.

### 2. Approval of Minutes of the April 7<sup>th</sup>, 2009 Meeting

Enclosed is a copy of the minutes of April 7<sup>th</sup>, 2009. Please be prepared to approve or amend.

**Requested Commission Action:** Approve/amend minutes of the meeting of April 7<sup>th</sup>, 2009

### 3. Discuss and Prepare for the Joint Commission/City Council Meeting

The annual joint City Council/Parks and Recreation Commission Meeting will be held on June, 15<sup>th</sup>, 2009 at their regular meeting. It will most likely be the first item on their agenda at around 6 p.m for 30 minutes. It is very important that a realistic agenda be set, and that there be full attendance. This is really your meeting with the Council to discuss areas of importance to you and the community, and to gather guidance from them. Included in your packet is a copy of a memo that went to the City Council last year on suggested topics. It would be good if the Commission could formulate topics in a similar manner in order to make best use of your time with the City Council.

Please be prepared to identify potential topics that you would like to discuss and think about how you might want to outline the discussion. Please mark your calendars for Monday, June 15<sup>th</sup>.

**Requested Commission Action:** Discuss and finalize agenda topics

### 4. Discuss Master Plan Approach and Planning Committee Representation

On April 20<sup>th</sup> the City Council was interested in an update on the Parks and Recreation System Master Plan, a project that was identified as a priority through Imagine Roseville 2025 and subsequently identified by the Commission and the Council as a high priority. Attached is an update letter that was presented and discussed. It is very important that the Commission help lead this process. It is anticipated that there will be a Park Master Plan Update Team that will include two Commissioners, amongst other community members. It would be helpful if two commission members could be identified up front to be a sounding board for staff as the process is being established.

It is also important that the committee be well represented. Please think through how you feel the entire community can be represented best and how a committee should be formed. Please be prepared to provide advice and input at the meeting.

**Requested Commission Action:** Discuss approach, consider identifying two members, and provide advice on committee representation

### 5. Continue Commission Goals Discussion

To continue your goal discussion, I have attached the list of the 2008 goals.

Last meeting you reviewed and discussed the 2008/09 goal topics and felt that they needed further discussion and some work to be more clear and measurable. You had continued this discussion until the May meeting.

Commissioner Stark agreed to gather the goals and develop a spreadsheet with a tracking method that could be discussed periodically at Commission meetings.

**Requested Commission Action:** Discuss and formulate topic areas to establish 2009/10 goals while considering objectives/measures.

**6. Frank Rog Amphitheatre Improvements and Event Update**

Staff and Commission committee members will be prepared to provide you with the latest update on this project. Please mark Sunday, June 7<sup>th</sup> beginning at 5:00 p.m. on your calendar for the dedication event. Planned is a short program followed by an evening full of entertainment and refreshments. The Roseville Big Band, Roseville Community Band and the Roseville String Ensemble will be playing. This topic is a regular agenda item.

**Requested Commission Action:** Discussion, comments, questions and suggestions

**7. Directors Report**

17 The Parks and Recreation Commission is looking forward to the joint Commission/City  
18 Council Meeting on Monday, June 16<sup>th</sup> 2008 at approximately 6:30 p.m. They have  
19 recommended the following topics and points from which to work:  
20

21 1) Master planning:

- 22 • How do the IR 2025 expectations affect our Parks and Recreation programs  
23 and facilities?  
24
- 25 • What is a realistic master planning process timeframe?  
26
- 27 • What is a realistic implementation timeframe?  
28

29 2) Funding:

- 30 • Is a Parks and Recreation reserve fund, similar to the pavement management  
31 fund, in our vision?  
32
- 33 • Is a Park and Recreation referendum in our vision?  
34
- 35 • Is a sales tax option in our vision?  
36
- 37 • How can the above questions be incorporated into the master planning  
38 process?  
39

40 3) Park Improvement Program:

- 41 • What are the criteria for prioritizing staff, maintenance and new projects  
42 within our budgetary constraints?  
43

44 Thanks for taking the time and interest in meeting with the Commission.

## Parks and Recreation Department

To: Mayor, City Council Members and City Manager William Malinen  
From: Lonnie Brokke, Director of Parks and Recreation  
Date: April 20<sup>th</sup>, 2009  
Re: Parks and Recreation System Master Plan Update

Thank you for your inquiry into the status of the Parks and Recreation System Master Plan update. I want to assure you that it remains a high priority for the Parks and Recreation Department and staff as suggested and recommended by the Community through Imagine Roseville 2025 with further direction and anticipation from the Parks and Recreation Commission, City Council and the Roseville Comprehensive Plan.

General Update on Status includes:

On November 17, 2008 the City Council reviewed and authorized issuing the RFP.

On November 19<sup>th</sup>, 2008 the RFP's were issued to (13) known qualified firms.

On December 12, 2008, (9) proposals were received. The price range was \$125,000 - 150,000. All proposals have been reviewed and are subject to some interpretation and will be sorted out in more detail during the interview and pre-award process, which has not yet been conducted.

As you are fully aware, the Parks and Recreation Department is currently implementing a substantial operational budget reduction/reorganization plan by well over \$100,000 annually. Practically speaking, this has required a reprioritization of tasks and, for time being, a bit of a "muddling along" approach to the way we do business. Please bear with us as we work through these challenging efforts.

I want to reiterate that the delay of implementing the planning process definitely does not indicate a lack of interest, diminish the need or change its priority! It is extremely important that this process continue and be set out with a high degree of thought, planning, and resident involvement from every angle and be as detailed as possible. The delay is required in order to have the ability to properly analyze, interview and bring a final recommendation to the City Council.

At this time; implementing the reorganization plan, preparing for the upcoming reaccreditation process and having the ability to tend to the numerous day to day operations have only temporarily delayed the planning effort.

I do realize that this process continues to remain a high priority for the City Council, Parks and Recreation Commission, Community and do anticipate bringing a final consultant recommendation to you as soon as possible as the appropriate time and attention can be devoted.

The delay on moving forward with the master planning process is certainly a bit longer than what I would have expected and am anxious to continue to work through the proposals, talk further with the proposers, develop a plan of action and finally bring that recommendation to the City Council.

The aim is to re-review the proposals, narrow the field to three for interviews, confirm the terms and make a final recommendation to the City Council.

Thank you for your guidance, direction and questions regarding the status of this important effort. This process will set this spectacular Parks and Recreation System in motion for the next 60 years. I plan to be at your meeting on April 20<sup>th</sup> to hear your thoughts. If you have any questions or varying thoughts from what I have outlined, please let me know.

# Dog Obedience Classes

Classes  
May 5-June 10, 2009

## Roseville Parks and Recreation

Teach your puppy the basic skills to be a happy and well behaved member of the family!

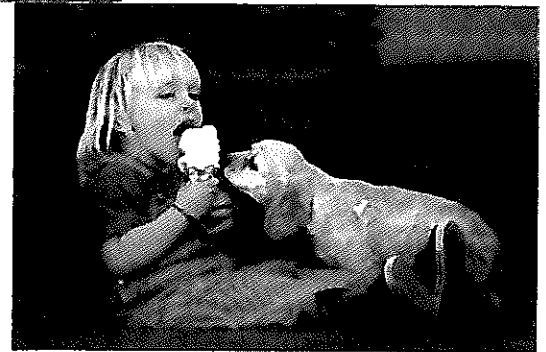

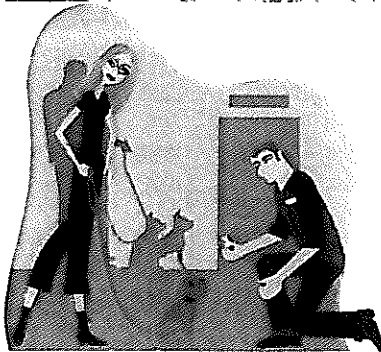

Roseville Parks and Recreation is partnering with Alpha Academy to offer a dog obedience class for all puppies, aged 8-18 weeks. An additional class will be offered for older dogs as well. Use the registration form below, or go online to [www.cityofroseville.com/parks](http://www.cityofroseville.com/parks).

You may also register by, phone, by fax, or in person at Roseville City Hall. Cash, check or CC accepted.

Dogs must have Distemper/Parvo, Kennel Cough and Rabies vaccinations up to date. No choke collars, please.

# Summer Spectacular

## Day Camp

*Jam-packed fun with good friends and enthusiastic staff at*

*Roseville's Summer Spectacular!*

**Ages 6-13**

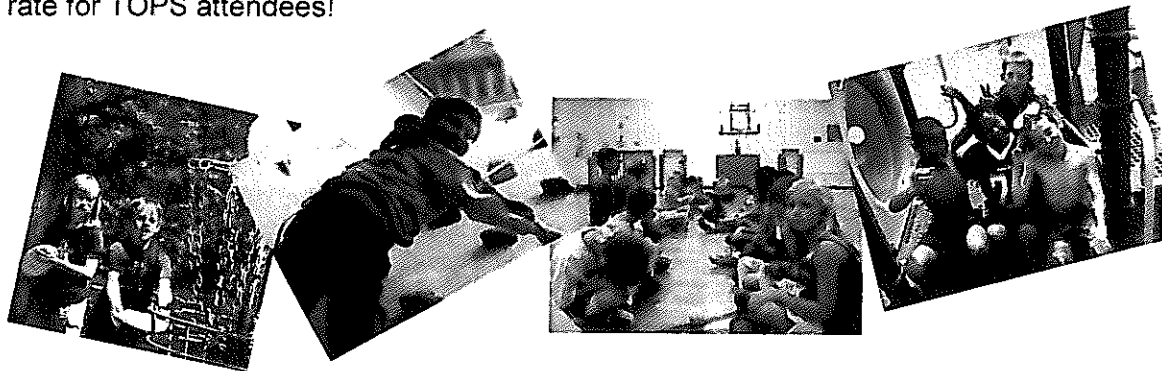

Do you want to spend your summer going to the beach? Creating artistic masterpieces? Improving your sport skills? Jumping under a parachute? Taking trips to the movies, parks, Twin Cities sports games, and other local field trips? We do all this and so much more at Summer Spectacular!

Don't worry about extra instructional classes after camp, your camper will be tired out! This is a one stop "Camp" packaged with Rock Climbing Instruction, Open Play at the OVAL, Soccer, Tennis and Pitched Ball, to name a few! Adult staff experienced in recreation, athletics and working with kids will lead Summer Spectacular. Our activity staff are positive role models who are committed to making your child's summer an enjoyable, enriching experience.

Summer Spectacular is available for youth entering first through seventh grade. Campers spend time in large group activities and are also divided into two age-groups for age-specific programming. We keep our staff-to-camper ratios low so that every camper gets one-on-one attention every day.

We have many flexible camp sessions to fit with busy summer plans. Spend the whole summer with us or spend just a few weeks! Camp runs Monday – Thursday with optional Funtastic Friday Field Trips or half-day programs available.

TOPS- Are you attending TOPS this summer? We work cooperatively with the school district to arrange transportation to and from TOPS. Please let staff at both agencies know about your participation to be included on the bus route! We have a reduced rate for TOPS attendees!

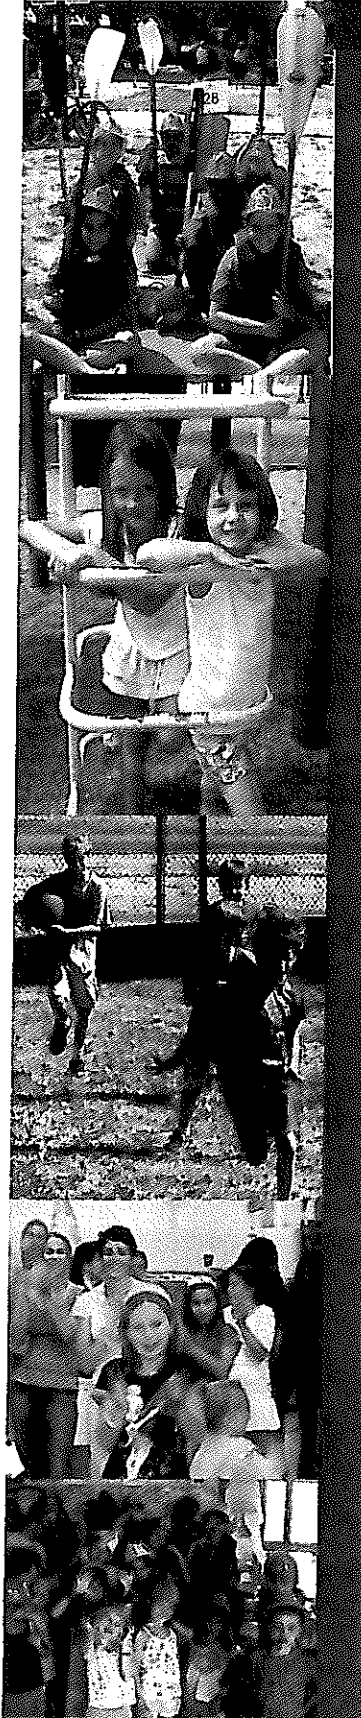

**Summer Spectacular Family Open House**

**Tuesday, May 19, 6pm Brimhall School**

Save the date to attend our Camp Open House to discuss camp operations, meet staff, ask questions, turn in forms and discuss special needs or unique calendars with our Camp Team!

# Pottery in the Garden

**Annual community raku pottery firing**

Sponsored by Roseville Parks and Recreation and the Roseville Area Arts Council

**Saturday, May 16th**

**11 am to 4 pm**

**Roseville Central Park**

**Muriel Sahlin Arboretum**

**Dale Street between Co. Rd. B2 & C**

Raku is an ancient Japanese firing technique adapted for contemporary American use. Pots are glazed and loaded in the kiln. After the pots have reached their maturing temperature they are removed and placed in sawdust filled tubs. First all the oxygen in the air is consumed, then all the oxygen in the sawdust, and finally, the oxygen in the glaze. This is what causes the flashes of color. Results are always surprising!

Pots are available for purchase at the event  
(price range \$2 to approx \$5 depending on size).

Glazes are supplied. You can take your fired pot home in about an hour.
