MEMORANDUM

To: Parks and Recreation Commission
From: Lonnie Brokke
Date: December 26, 2011
Re: Notes for Commission Meeting on **Tuesday, January 3, 2012**

1. Introductions/Public Comment Invited

Commissioners and staff will be introduced. Public participation and public comment is encouraged.

2. Approval of Minutes of the December 6, 2011 Meeting

Enclosed is a copy of the minutes of December 6, 2011. Please be prepared to approve or amend.

Requested Action: Approve/amend minutes of the meeting of December 6, 2011

3. Community Engagement Task Force Report

Greg Simbeck and Randall Doneen serve on the Human Rights Commission Community Engagement Task Force as representatives of the Parks and Recreation Commission. Simbeck and Doneen will be prepared to report on the latest progress on this effort.

Requested Action: Commission discussion and feedback

4. Park Dedication – Walmart

This is a continued item from your December 6, 2011 meeting when Walmart representative, Andy Berg suggested that land near Langton Lake Park and away from the exact proposed Walmart site could be considered to satisfy the Park Dedication requirement but more research was needed. Since that time that parcel is no longer under consideration.

Also since last month, it has been determined that the total amount of land being re-plated is 13.94 acres and not 17.8 acres as previously thought. The reason for the difference is that the City had previously purchased 3.86 acres of the 17.8 acres to construct the Twin Lakes Parkway but the County records had not yet been updated. The updated cash amount is approximately \$411,115 (5% of the FMV). The land amount would be 5% of 13.94 acres or .68 acre.

The primary role of the Commission is to review and offer a recommendation to the City Council on whether to accept land, cash or a combination. Included in your packet is a copy of the Park Dedication Ordinance.

The following is guidance from the Parks and Recreation System Master Plan on Parks and Open Space acquisition:

Goal 3 - Parks and Open Space Acquisition

Add new parks and facilities to achieve equitable access in all neighborhoods, accommodate the needs of redeveloping areas, and meet residents' desires for a range of recreation opportunities serving all ages, abilities, and cultures.

Policy 3.1: Ensure that no net loss of parkland or open space occurs during alterations or displacement of existing parkland and open space. If adverse impacts to parkland or open space take place, ensure that mitigation measures include the acquisition of replacement parkland of equal or greater size and value.

Policy 3.2: As areas of Roseville evolve, and properties undergo a change of use and/or density, land should be dedicated to the community for park purposes to ensure adequate park facilities for those new uses.

Policy 3.3: Determine potential locations and acquire additional park land in neighborhoods and constellations that are lacking adequate parks and recreation facilities.

Policy 3.4: Determine locations for new park and recreation facilities in redevelopment areas as part of the redevelopment process and use the park dedication process to acquire appropriate land.

Policy 3.5: Make continued effective use of the Park Dedication Ordinance. Park land dedication will be required when land is developed or redeveloped for residential, commercial, or industrial purposes. Review annually park dedication requirements in order to ensure that dedication regulations meet statutory requirements and the needs of Roseville.

Policy 3.6: Use park dedication funds to acquire and develop new land in addition to other funding sources.

Policy 3.7: Acquire properties necessary to implement adopted park concept plans and in Roseville's Comprehensive Land Use Plan, and consider other additions based on needs identified in the sector or constellation concept. Acquire land on a "willing seller" basis unless otherwise determined by the City Council.

Requested Commission Action: To discuss and make a recommendation to accept land or cash in lieu of land dedication to satisfy the Park Dedication requirements.

5. Master Plan Implementation Discussion

At the December 12th City Council meeting, the sale of bonds were awarded in the amount of \$5M for the initial segment of the Park Renewal Program (PRP). Staff is in the process of moving forward with the plan.

The following Community/Neighborhood meetings have been scheduled to review plans and gather community input:

Date: January 25, 2012, 7:00 p.m.

Location: Roseville Skating Center

Purpose: General Community meeting to update residents on the overall renewal program, projects, timelines and funding schedule

Date: February 8, 2012, 6:30 p.m.

Location: Roseville Skating Center

Purpose: To review Lexington Park improvements and building replacement

Date: February 15, 2012, 6:30 p.m.

Location: Harriet Alexander Nature Center

Purpose: To review Boardwalk replacement and Nature Center improvements

One of the initial and very important decisions is to consider a general procurement method. The three identified options include: Low Bid, Best Value Procurement and Best Overall Value. It is anticipated that staff will be bringing this to the City Council at its January 9, 2012 meeting for discussion and direction. Attached for your review is a Request for City Council Action outlining some background and preferred approach as well as a proposal from Arizona State University. Staff will be prepared to review this with you further at your meeting.

Commission representatives and staff will provide any additional information to date.

Requested Action: Discuss Park Renewal Program (PRP), the Procurement Method and provide advice and guidance.

8. **Adjournment**

**ROSEVILLE PARKS AND RECREATION COMMISSION
MINUTES OF MEETING OF DECEMBER 6, 2011
ROSEVILLE CITY HALL ~ 6:30PM**

PRESENT: Azer, Boehm, Diedrick, Etten, D. Holt, M. Holt, Ristow, Simbeck

ABSENT: Doneen, Pederson called ahead with excused absences

STAFF: Anfang, Brokke

1. INTRODUCTIONS/ROLL CALL/PUBLIC COMMENT

No Public comment

2. APPROVAL OF MINUTES – November 1, 2011 MEETING

Commission Recommendation:

Minutes for the November 1, 2011 meeting were approved unanimously.

3. COMMUNITY ENGAGEMENT TASK FORCE REPORT

Greg Simbeck gave an update of recent activities from the Community Engagement Task Force. The task force is hoping to gather more input from the community, if possible, before they present their findings to the Council in February. The major tasks for the committee are to look at how the City interacts with its residents and to explore how the neighborhoods look back into the City and its operations. Throughout the process the task force has heard how much the community loves their parks and looks to include the connections to parks whenever appropriate.

4. PARK DEDICATION - WALMART

Preliminary information on park dedication for the 17.8 acres at Cleveland and County Road C were presented to the Commission by Brokke. A proposal to develop the property into a Walmart Shopping Center has begun to be reviewed by City staff. The role of the commission is to make recommendation to the Council whether to accept land, cash or a combination of to satisfy the park dedication requirement. A recent potential proposal from the Walmart Representatives was to provide land dedication in another area of Langton Lake. There is a possibility of a combination of land and cash as well as the traditional all land dedication or all cash payment. The park dedication fees could contribute to possible Master Plan projects. Commissioner Ristow suggested the commission consider recommending the cash in lieu of land based on past needs and recent financial discussions.

5. MASTER PLAN IMPLEMENTATION DISCUSSION

The recent lawsuit did not move forward through the appeal system and the first round of bonds are expected to be awarded on Monday, December 12. The current bonding process has adjusted the renewal program timeline into a 4-year plan. Staff looks to take the 4-year plan to the Council on January 23 to outline the work plan and to discuss using the best value procurement method.

Commissioners discussed their interest in continuing efforts for a local sales tax to finance future additions to the park system as outlined by the updated Master Plan. Brokke mentioned that the Council and City Manager have continued to discuss the local sales tax option and have shown an interest in making it an upcoming initiative of theirs. There is a question whether pursuing the local sales tax option would be an initiative of Roseville's alone or piggy-backed with a League of Minnesota Cities initiative. Brokke explained that recent legislative action has changed the process for Cities pursuing the local sales tax option. Communities must now take the question to the voters through a referendum before requesting legislative action. Potentially, the referendum question could be part of the November 2012 election.

Commissioner D. Holt recognized that there is some confusion over what the Local sales Tax is and what it would be used for. A community-wide education process would be very important to the Local Sales Tax Option consideration.

6. DIRECTORS REPORT

- o Council budget discussions continue. The Park Improvement Program (PIP) has been reduced to \$40,000 annually. It was hoped that we could retain some of the PIP funding to help support parks & recreation maintenance staff through the renewal program.
 - o Commissioners commented that the Park Renewal Program (PRP) is essentially a “super sized” PIP and the facilities and properties in the community got to this point because of PIP reductions in recent years.
 - o Commissioners recommended renaming the PIP because it is somewhat a misnomer in that “improvement” tends to be viewed as new ... improved. Roseville’s PIP is a maintenance program and should be identified as such – PMP – Park Maintenance Program.
- o Roseville recently hosted “Navigating the New Normal”, a panel discussion with local experts who addressed current community issues. Most of the experts had ties to Roseville and provided first-hand connections to the community. The panel recognized the significance of the Park Renewal Program.
- o City staff and community leaders presented at a recent Roseville Realtors Day. 40-50 local real estate representative learned what makes Roseville special as well as other information to help them sell Roseville properties.
- o Council action – The Council passed the changes to the Park Dedication fees as recommended by the Commission.
- o Lonnie recently attended the National Recreation and Parks Congress in Atlanta. The annual meeting and conference had strong connections to the importance of community engagement and input and reinforced the style and process used by parks and recreation. Also of interest are recent studies that have evaluated proximity to parks in relationship to level of physical activity and wellness. National research specialists have developed a community audit tool to help promote the use of parks in relation to increased physical activity and wellness.
- o OVAL is now open for the winter season. Over 80 skaters from across the nation took part in the Americas Cup last weekend. These are the up and coming skaters and names we could be hearing in future Olympic and international competitions.

7. OTHER

- o Congratulations to Erin Azer for being elected to the Roseville School Board. The other good news is that Erin will continue to be a member of the Parks & Recreation commission too.
- o Ristow suggested that Roseville residents pay attention to their neighborhoods and make tire tracks in driveways of vacant homes to help with the appearance that a place is unattended.
- o Mary Holt inquired into recent Reservoir Woods activity. People have been seen doing unauthorized clearing of wooded areas for what is thought to be cross-country ski trails. All work in Roseville Parks must be authorized by Parks & Recreation staff (as directed by ordinance). The Roseville Police are aware of the activity and have been taking action against those involved.

Meeting adjourned at 7:55pm

Respectfully Submitted,
Jill Anfang, Assistant Director

Walmart Parcel Map

ORDINANCE 1278
AN ORDINANCE AMENDING
TITLE THREE, SECTION 1103.07
PARK DEDICATION

THE CITY OF ROSEVILLE ORDAINS:

Section 1103.07 of the Roseville City Code is amended to read as follows:

1103.07: PARK DEDICATION:

- A. Condition To Approval: As a condition to the approval of any subdivision of land in any zone, including the granting of a variance pursuant to Section 1104.04 of this Title, when a new building site is created in excess of one acre, by either platting or minor subdivision, and including redevelopment and approval of planned unit developments, the subdivision shall be reviewed by the Park and Recreation Commission. The commission shall recommend either a portion of land to be dedicated to the public for use as a park as provided by Minnesota Statutes 462.358, subdivision (2)(b), or in lieu thereof, a cash deposit given to the City to be used for park purposes; or a combination of land and cash deposit, all as hereafter set forth.
- B. Amount To Be Dedicated: The portion to be dedicated in all residentially zoned areas shall be ten percent (10%) and five percent (5%) in all other areas.
- C. Utility Dedications Not Qualified: Land dedicated for required street right of way or utilities', including drainage, does not qualify as park dedication.
- D. Payment in lieu of dedication in all zones in the city where park dedication is deemed inappropriate by the City, the owner and the City shall agree to have the owner deposit a sum of money in lieu of a dedication. The sum shall be reviewed and determined annually by the City Council by resolution. (Ord. 1061, 6-26-1989)
- E. Park Dedication Fees may, in the City Councils sole discretion, be reduced for affordable housing units as recommended by the Housing and Redevelopment Authority for the City of Roseville.

Ordinance 1278 Effective date. This ordinance shall take effect upon its passage and publication

Passed by the City Council of the City of Roseville this 24th day of February, 2003.

Web: www.pbsrg.com

SECTION 1 – OVERVIEW

The Performance Based Studies Research Group (PBSRG) is a non-profit research group at Arizona State University's School of Sustainable Engineering and the Built Environment. Since 1994, the PBSRG has researched and tested best value and leadership based concepts to develop organization and service models that increase efficiency and performance, while minimizing risk. The PBSRG is recognized as the worldwide expert in best-value and performance information systems. The PBSRG engages in the research, development, and testing of tools and methodologies to solicit, award, and manage all types of business services, including information technology, design, and construction. The Best-Value program educates and assists partners in becoming a more efficient organization through measurement, risk management, accountability, and transparency. The PBSRG also educates partners in both a selection process, and in the management of the vendor after the award has been made for all types of projects. This combination of pre-award and post-award functions makes the PIPS process unlike any other best-value tool.

SECTION 2 – SCOPE OF WORK

The objective of this effort is to educate, support, and collect research data on the City of Roseville, Parks and Recreation in changing their paradigm from a management-based organization (direction, control, inspection), to a best-value leadership-based organization (alignment, value, accountability, quality assurance). During the term of this agreement, PBSRG will continuously educate, mentor, and train the Parks & Recreation to run the best-value system Performance Information Procurement Systems (PIPS) and Performance Information Risk Management System (PIRMS). The PBSRG will perform the following functions:

1. Education

- The education services is for a 3 year plan starting in 2012
- On-site education for critical staff (minimum of 4 visits per year)
- On-site education for vendors to review the best value PIPS process (minimum of once a year)
- Education for the potential best-value vendor during the Pre Award Phase
- 3 reserved seats to the Annual Best-Value Conference (held in Tempe, AZ)
- 3 copies of the most recent addition of the Best Value Procurement books
- Option to continue education and mentoring for year 4 by PBSRG staff (see compensation section)

2. Best-Value Programming and Documentation

- Educate and assist with preparing documents and procedures based on compliance with the City of Roseville Parks and Recreation Procurement Policies
- Providing templates such as the RFI, RFP, and Evaluation Plan documents
- Educate and assist with incorporating all necessary best value language
- Educate and assist in preparing a project schedule (including the Best-Value processes)
- The core team members will have the opportunity for best value certification as operators or trainers, and may receive educational credits in conjunction with the implementation

3. Post Award Analysis

- Educate and assist the awarded vendor in managing and measuring their performance (additional services contract from the vendor may be required depending upon the nature of the service)
- Educate and assist the awarded vendor in documenting the service
- Assist both the user and vendor in submitting and analyzing Weekly Risk Reports that are used to provide weekly updates on the overall performance of the entire organization

4. Best-Value Implementation Overview

Educate and assist with the following:

A) Selection

- Project Schedule
- RFP Development
- Pre-proposal Meeting
- Proposal Evaluation/Rating
- Selection Modeling
- Interview Process
- Potential Best Value

B) Pre-planning/Pre-Award Phase

- Kick-off Meeting
- Risk Management Plan
- Summary Meeting (close-out)

C) Project Management

- Contract Close Out
- Director's Report
- Weekly Risk Report (WRR)

SECTION 3 – TERMS AND COMPENSATION

The term of this Agreement begins on December 1, 2011 and continues through November 30, 2014 (dates are subject to change due to acceptance and funding schedules). The agreement may be extended by written amendment, upon mutual agreement of the parties. The services described in Section 2, Scope of Work shall be billed as follows:

1. Payment Schedule Overview:

Year 1 \$75,000 plus \$15,000 license fee
Year 2 \$50,000
Year 3 \$50,000
Year 4 \$25,000 (optional)

2. License Agreement

In addition to the research scope of work there is a one-time license fee of \$15,000 for continued usage of the best value PIPS methods. The license fee entitles the use of the methods, ideas and templates in perpetuity for only the City of Roseville Parks and Recreation. The technology may not be shared with users or organizations outside of the City of Roseville Parks and Recreation. PBSRG will provide all future changes and updates. This license includes all services, training, support and expenses provided to the Parks and Recreation under this agreement. The invoicing schedule will be determined with ASU's contracts department and Parks and Recreation.

AzTE shall issue one invoice for the license fee anytime after execution of this agreement.

Arizona Technology Enterprise (AzTE)
SkySong
1475 N. Scottsdale Road, Suite 200
Scottsdale, AZ 85257

3. Proposal Expiration

This proposal agreement expires in 30 days of proposal date which is November 30, 2011 unless extended by PBSRG due to finalizing the agreement with Parks and Recreation. Extension confirmation notification will be provided by PBSRG staff.

REQUEST FOR COUNCIL ACTION

Date: 1-9-12
Item No.:

Department Approval

City Manager Approval

Item Description: Park Renewal Program Best Value Procurement

BACKGROUND

The City Council authorized a \$19,025M Park Renewal Program (PRP) over a four year plan. It is the policy of the City to use procurement methods that deliver the best value for the community. It is anticipated that the PRP will require a multitude of professional services and contractors throughout the duration of this program. This PRP is extensive and it is very important that the most cost effective, efficient, functional way possible be chosen. The first step to implementation is to select a method of procurement. Three options have been identified and are as follows:

1. Low Bid - simply advertising for bids for a project and accepting low bid

Pros

- Most accepted/recognized/familiar method
- Less planning and upfront time
- Result may be more bidders
- Potential for lower up front project costs

Cons

- Allows for less flexibility
- Leads to change orders
- May not attract highest performing contractor
- Technical risk remains with owner
- Higher management time and costs for project oversight
- Higher risk of being over budget and not reaching project deadlines

2. Overall Best Value which is a hybrid developed by the City

Pros

- Does create performance measures
- Uses not only price criteria for selection

Cons

- Staff time
- Creating our own process/method/calculations

3. Best Value Procurement utilizing Arizona State University (ASU) a third party method that was used for the Geothermal Project at the Skating Center.

Pros

- Accepted and tested method
- 98% performance record of on time and on budget
- Transfers risk to contractor
- Lower management inputs
- New approach for industry
- Becoming preferred method of high performing contractors
- Greater ability to minimize impact on users and operations
- Third party – increases transparency

Cons

- Upfront costs for owner and contractor
- Upfront time investment for owner and contractor
- May not obtain the lowest cost in the beginning

As the projects have been outlined and timing identified, the desired approach is to utilize Arizona State University Best Value Process as used with the Skating Center geothermal project.

The official Best Value Procurement method requires ASU as an outside agency. This service/method is anticipated to improve results, save dollars along the way and in the end. This method did prove to work well with the geothermal project; saving staff and project time, limiting cost overruns and change orders and produced an excellent project.

Included in your packet is a proposal from Arizona State University that staff will be prepared to review with you at your meeting.

POLICY OBJECTIVE

It is the policy of the City to use procurement methods that deliver the best value for the community.

BUDGET IMPLICATIONS

The total cost of utilizing Arizona State University for the four year program as outlined is \$200,000 plus a \$15,000 license fee. The cost would be paid for out of the budgeted bond proceeds for the identified planning and construction management costs.

STAFF RECOMMENDATION

Based upon the multitude and variety of projects and aggressive timeframe, staff recommends that the City enter into an agreement with Arizona State University in the not to exceed amount of \$215,000, including the license fee to implement the official Best Value Procurement Method for the Park Renewal Program.

REQUESTED COUNCIL ACTION

Motion to authorize the City Manager and Mayor to sign an agreement with Arizona State University in the not to exceed amount of \$215,000 to implement the official Best Value Procurement Method for the Park Renewal Program as outlined with final City Attorney approval.

Community Extreme Makeover

It's your life...Live it in Health!

Saturday, January 21, 2012 ~ 12:45 - 4 p.m.

Roseville Civic Center– Council Chambers

Dr. Hugh from Bandana Chiropractic consistently gets great results from this program. Jump start you're healthy holidays through this one day 'Life START' kickoff event! Get motivated through learning healthy ways to lose weight, regain strength, develop a healthy nutrition plan and be ready for a healthy new YOU!

Guest Speaker: Dr. Hugh Wegwerth D.C. will teach us these benefits:

- Cravings~ How to beat food cravings
- Learn the Truth about carbs, fats, and proteins
- Chronic Diseases: Learn why so many people have weight problems, fibromyalgia, diabetes, high Cholesterol and cancer.
- Diet Myths: Fat does NOT make you fat, learn what does.

Insulin Workshop
Saturday Feb 11, 2012
11am-12n

Roseville Civic Center – Willow Room

Don't miss this FREE event. Your waistline and your insulin receptors will be eternally grateful. What's Insulin got to do with it? A lot, it turns out. The connection between this hormone, how your body processes sugars, and why you can't lose weight is explained in clear, easy to understand, language. You'll leave knowing why it's not fat, but sugar, that makes you fat and how that process occurs in your body. Dr Hugh explains the different kinds of sugars, including grains and fruits, and why some healthy foods contribute to chronic illness including obesity. With his now famous arsenal of video clips and pool noodles you are certain to be enlightened, educated & entertained.

#1412.102 Tu Feb 21 9am-4pm

Take some risks and try something new! Join us for a day of physical and mental challenge as we tackle a realistic climbing wall, traverse a 50ft.high ropes course, hit targets on an indoor archery range, and get a grip climbing an ice tower! Roseville vans will transport the group to and from Roseville Skating Center to the Base Camp facility near Fort Snelling. Trip includes all equipment and instruction and a pizza lunch. \$40 per person.

Two Terrific Teen Trips for only \$72!

#1300.102	Tu	5:20-6:20 pm	Feb 14, 28, Mar 6	EDW

PreK LEGO Simple Machines

Ages 4-5

Build a LEGO car, blender, crane and much more. During every class, students will build LEGO projects and use them to investigate basic engineering concepts. We emphasize an inclusive and fun environment! We use a mix of DUPLO (large) LEGO blocks and the regular size LEGO blocks. \$35

#1300.103	Tu	5:20-6:20 pm	Mar 27, Apr 3, 10	EDW
#1300.104	Tu	5:20-6:20 pm	Apr 17, 24, May 1	EDW

Tot-Mama Yoga

For moms (or dads) with a 1-3 year-old.

Toddlers grow and change so quickly, you don't want to miss a single moment of their development! Tot-Mama Yoga will help you learn to be fully present in each moment with your child, so that you can share in the wonder and discovery that your

toddler is delighting in. Whether your little one is high energy, active, quiet or shy, Tot-Mama Yoga is a perfect place for you both to find balance. You can relax and recharge *yourself*, at the same time that your child gets ample opportunities to explore movement and social skills.

Resident fee: \$114/pair Non-resident fee: \$122/pair

Tot-Mama Yoga offers your family:

- Yoga postures and breathing exercises to explore together.
- Social skill-building for children with their peers.
- Quiet yoga time for parents while children enjoy an organic snack.
- Community-building with like-minded parents.

Tuesdays, 9:45-10:30am

Winter 2012

Non-school Enrichment

After School Programs

EXTREME LEGO: LEVERS

For grades kindergarten through 3rd

New and returning students invited! Build a Snapping Dragon, a cow control and design your own MARSHMALLOW CATAPULT! During each class students will build a different LEGO project and use that project to investigate basic engineering concepts. For instance, the following lever components: fulcrum, load, effort and different classes of levers. Sign up today. LEVERS FOREVER! \$72

#1702.116	M	2:10-3:10pm	Jan 23, Feb 6, 13, 27, Mar 5, 19	PV
#1702.117	Tu	4:10-5:10pm	Jan 24, 31 Feb 7, 14, 28, Mar 6	EDW

EXTREME LEGO: WHEELS & AXLES

For grades kindergarten through third

New and returning students welcome! Learn to build the fastest racer on your block! During each class students will build different Wheel & Axle mechanisms and investigate how to make them drive faster, for a longer distance, or just plain better. Students will study elements of wheels and axles including: separate axles, single axles, large wheel base, more tread versus less and much more. We incorporate fun races with classmates and keep every student engaged. Ladies and Gentleman, start your engines! \$72
