

# Roseville Human Rights, Inclusion and Engagement Commission

## Agenda Item

---

**DATE:** April 18, 2018

**ITEM:** 8a

---

**ITEM DESCRIPTION:** Discuss Fire Department Phase II Community Engagement

---

### **Background**

At the March 26, 2018 Council meeting, the Fire Department presented their strategic outline for Phase II of their staffing plan. As part of this proposal, the Fire Department sought Council approval to conduct community engagement activities to gauge the interest and support of the Roseville community for this next step. As part of that engagement, the Fire Department will be in attendance at the meeting to gather input from Commissioners on whether there are specific areas of the community which are not currently in the outreach plan. In addition, if there are specific areas of the community not currently included, they will be seeking input on methods to reach out to those communities, specific contacts within those communities, best times and/or locations for engagement, and/or any additional information the Commission can provide to assist with engaging the right groups.

### **Recommendation**

The Fire Department is seeking input from the Commission on whether any additional outreach to specific areas of the community is needed, and if so, specific methods to conduct that outreach.
