Subject: Mental Health Awareness Month

Hi Rebecca,

Here are the points I found on Mental Health Awareness Month:

- Started in 1949 by the Mental Health America organization
- Mental Health America, affiliates, and other aligned organizations host activities based on a chosen annual theme (2018 is *Whole Body Mental Health* – understanding how various systems impact mental health – food, fitness, gut flora, etc.)
- Raises awareness and educates the public about mental illnesses, the realities of living with the conditions, and strategies for attaining mental health and wellness
- Provides encouragement and support channels for those who live with mental illness, as well as family and friends
- Educates to reduce the stigma and negative misconceptions about mental illness
- Identifies and highlights correlations between some mental illnesses and suicide
- Encompasses special days of focus such as: National Children’s Mental Health Awareness Day and National Depression Screening Day

I pulled this from a few different sites. I think the best sample is from the NAMI website:

Model Gubernatorial or Mayoral Proclamation for Mental Illness Awareness Week

“Whereas mental health is part of overall health; and

Whereas one in five adults experiences a mental health problem in any given year; and

Whereas approximately one-half of chronic mental illness begins by the age of 14 and three-quarters by age 24; and

Whereas suicide is the 10th leading cause of death in the United States and the 2nd leading cause among young adults, and 90% of people who die by suicide have an underlying mental illness; and

Whereas long delays—sometimes decades—often occur between the time symptoms first appear and when individuals get help; and

Whereas early identification and treatment can make a difference in successful management of mental illness and recovery; and

Whereas it is important to maintain mental health and learn the symptoms of mental illness in order to get help when it is needed; and

Whereas, every citizen and community can make a difference in helping end the silence and stigma that for too long has surrounded mental illness and discouraged people from getting help; and

Whereas public education and civic activities can encourage mental health and help improve the lives of individuals and families affected by mental illness.

NOW, THEREFORE BE IT RESOLVED, I **(Name)**, **(Title)** of **(State/City)** do hereby proclaim October 2 through October 8, 2016 as Mental Illness Awareness Week in **(State/City)** to shine a light on mental illness and fight stigma, provide support, educate the public and advocate for equal care.

AND BE IT FURTHER RESOLVED that all citizens, businesses, schools and community organizations are encouraged to take #StigmaFree pledge at www.nami.org/stigmfree in observance of Mental Illness Awareness Week.”

Please let me know if this isn't what you're looking for. Feel free to call if it's easier to talk through it. 651-788-0795.
