

# Roseville Human Rights, Inclusion and Engagement Commission

## Agenda Item

---

**DATE:** April 18, 2018

**ITEM:** 9a

---

**ITEM DESCRIPTION:** City Engagement Efforts

---

### **Background**

Information regarding the Fire Department outreach efforts is listed in the information provided with item 8a.

### **Help Maintain Roseville Parks**

Make an impact on Roseville parks and natural resources. Roseville is looking for volunteers to join our Natural Resources Renewal efforts to improve city parks. On Saturday, February 17, we're looking for volunteers to help to drag and stack pre-cut buckthorn at Reservoir Woods Park.

Saturday, April 21, 10:00 to noon  
Evergreen Park  
1810 County Road B  
Dragging and stacking pre-cut buckthorn

Each month, Roseville hosts a volunteer opportunity at one of the local parks as part of the natural resources renewal project. It includes an educational component and status update of the overall natural resource restoration efforts.

Groups, individuals, and families are encouraged to participate. People of all ages are welcome and will have a role to play. Please contact Volunteer Coordinator Rachel Boggs at [rachel.boggs@cityofroseville.com](mailto:rachel.boggs@cityofroseville.com) or 651-792-7028 for information about joining these community-building events. Thanks for your help creating lasting environmental impacts in our parks.

# Roseville Human Rights, Inclusion and Engagement Commission

## Agenda Item

This is part of an ongoing natural resources renewal project. It includes prairie/savanna, wetland, and shoreline restoration and management. Volunteer opportunities include an educational component and status update of the overall project.

### Hands-only CPR Class

Roseville firefighters are offering a free, hands-only cardio-pulmonary resuscitation (CPR) class on April 18 at 6:30 p.m. The class meets at the Roseville Fire Station, 2701 Lexington Ave. North. Firefighters will teach an easy-to-learn hands-only CPR process.

Cardiac arrest occurs when the heart stops and can no longer pump blood to the brain or vital organs. According to the American Heart Association, only about one in 10 heart attack victims survives. By using hands-only CPR, we may be able to improve those odds.

Hands-only CPR is CPR without mouth-to-mouth breaths. It is recommended for use by anyone who sees a person collapse suddenly. It can be used temporarily until professional help arrives. Call 651-792-7009 if you have questions.

### Earth Day at Harriet Alexander Nature Center

Celebrate Earth Day. Join us at Harriet Alexander Nature Center (HANC) on Saturday, April 21 from 10:00 a.m. to 2:00 p.m. for a fun-filled day that celebrates our planet. Activities include music, parade, crafts, tours, planting a tree and butterfly-friendly plants and an Earth Day birthday cake.

The Earth Day celebration is sponsored by B-Dale Club, Half Price Books and Kinderberry Hill. This will be a zero waste event. Volunteers from Eureka Recycling and the City of Roseville will assist with recycling and answer questions about recycling.

The first 100 guests (one per family) will receive a Chinook Book, thanks to a donation from Music Go Round. Chinook Books have local coupons that promote environmental stewardship. Additionally, we'll give away tree seedlings and garden seeds, while supplies last. Visitors can also enter a drawing for a variety of prizes.

Harriet Alexander Nature Center is located at 2520 N. Dale Street in Roseville. For more information visit [www.cityofroseville.com/HANC](http://www.cityofroseville.com/HANC) or call 651-765-HANC (4262).
