Dear Resident:

We are excited to announce that construction is set to begin soon on a new park in your neighborhood at 2134 Cleveland Ave! This new park will be an important addition to the park system and aligns with the Park System Master Plan and the City's Comprehensive Plan.

We cordially invite you to an Open House to view the final plans for the playground that will be installed in the park and ask any questions that you may have.

Cleveland Ave. Playground Informational Open House
6:00pm – 8:00pm Wednesday, August 1, 2018
Fairview Community Center Great Room

This final concept is a culmination of information that was gathered from the public through three planning meetings as well as ongoing written and online feedback. We are excited to share it with you!

Once the project kicks off next month, it will follow the timeline below.

Construction Timeline

- August 2018 – Site work begins including grading and trail installation
- **Saturday, September 15, 2018 – 10am: Community planting.** Come on down and help us plant the new park's pollinator garden, trees and other green features!
- October 2018 – Playground installation and final surfaces in place on park trails.

A full construction schedule will be available at www.cityofroseville.com/parks/projects in August.

Beseth Park	Gordy Beseth worked as Roseville's building inspector for many years. He raised his 6 kids in a house just 2 blocks from the purposed park. His son Matt now lives in the family's house. Matt and Amy have 3 boys. How exciting it would be for them to be able to play in a park named after their grandpa.	6481

Friendship Park	"The first settlers to the area were, of course, American Indians. The Indian trail that led to their ricing and fishing areas in Forest Lake and Hugo ran across Rose Township. Dakota tribes used this trail extensively, which increased their contact with the Euro-American settlers. A reunion occurred when Cloudman's (Dakota) band was traveling on the trail and discovered that their childhood friend, Jane Gibbs, who, with her foster missionary family, had lived with them as a small child near Lake Harriet, now lived near the trail. Following the abandonment of treaty-promised payments (food rations, supplies, and money) and then the Uprising of 1862, the Indians were forced from the area." as found on Roseville Historical Society page. The Dakota trail would have ran very close, if not directly on park land. I would like to honor that history.	6357

	I've lived in Roseville for the last 20 years. I have never felt such tension among various groups of people more than now. But a park is a chance to gather together with people in our community whom we might not meet otherwise. It gives us neutral ground to come together in fellowship with others in our community. Our diversity and different viewpoints are a tremendous asset to Roseville. Unity is what will help our community to continue to thrive and strive together toward a great future for all of us. This new park will help provide that opportunity.	
Unity Park	That is why I propose naming our new park "Unity Park".	6159

OPERATING POLICY # 40

DATE: October, 1988

POLICY TITLE: Assigning Names to City Facilities

PURPOSE: From time to time there is a need to name City of Roseville parks and recreation facilities. The adopted policy contains an orderly process for accomplishing this need.

DESCRIPTION:

The following policy adopted by the City Council on October 5, 1988, shall be used for assigning names to city Parks and Recreation facilities:

It shall be the policy of the City of Roseville to refer to the Parks and Recreation Commission, any activity involving the naming or changing of names of any city-owned parks or recreational facilities.

The Commission shall recommend to the City Council for approval, names for new sites, facilities or portions of facilities. This includes any changes in names to existing facilities.

The naming of parks and recreational facilities will be given consideration by the Parks and Recreation Commission based on the following factors:

- natural habitat, i.e., vegetation, terrain, animals, etc.
- geographic location, i.e., street names, directions, etc.
- appropriate non-descript terminology, i.e., acronyms or joining of two words or names or activities, etc.

Only under certain and exceptional circumstances will consideration be given to the names of individuals (alive or deceased) and/or organized groups, associations or businesses. To be considered the individual, group, association or business must have made a significant and exceptional contribution to the site involved or to the community as a whole. Such contributions, (immediate or deferred) should be for recreation purposes and may include:

- substantial financial donations
- substantial property donations

In addition, recognition plaques, memorial plaques or dedications may be placed throughout the Park and Recreation system by the Parks and Recreation director and with the recommendation of the Parks and Recreation Commission.
