Item No.: 7.f

Department Approval

City Manager Approval

Item Description: Receive Update on COVID-19 and Impact on City Operations

BACKGROUND

On March 13, 2020, Governor Walz declared a statewide peacetime emergency due to the COVID-19 pandemic. On March 16, 2020, Mayor Roe declared a local emergency due to the COVID-19 pandemic and the City Council extended the local emergency until May 15, 2020. On May 11, 2020 the City Council extended the local emergency until such time Governor Walz rescinds the state emergency and the City Council passes a resolution to rescind the local emergency. As the scope of changes as a result of COVID-19 have mostly been implemented and there is not a significant change on a week-by-week basis, staff will provide the City Council and the public an update regarding the effect of COVID-19 in our community and its impact on city operations once a month. More frequent updates will occur if conditions change.

POLICY OBJECTIVE

To inform the public and City Council on the effect of COVID-19 in the community and its impact on City operations

BUDGET IMPLICATIONS
