

Item 6A-- Bench Handout

There is wildlife that would be displaced. It seems we only appreciate the value of natural areas after they are gone. Why not change that and prevent this from happening in this instance?

I also know that the scope of your authority cannot dictate what will become of the property. But a vote to deny tonight will be the right step to keep a unique natural area from being ruined, just so a developer can make money.

Thank you.

Keith Knepper
