Please Share Your Comment, Question or Concern Council Members,

You are being asked to approve the development of one of the last large wooded parcels in the city, certainly the last on the west side. This parcel is the home to wildlife and treasured by neighbors. None of your citizens that live anywhere near this parcel want this to happen. If it's developed it will be forever altered and Roseville will suffer for the loss.

I know the developer may have met all the requirements. And that your planning commission is recommending you approve it. But if you don't stop this, no one will. Denial would buy time to work with the owner, the neighbors, and the City to find a better use for this land. I'm asking you to think outside the box.

If you vote to approve, the land will be cleared. Destroyed forever. For what? Some developer makes some money off a hand full of new houses.

I'm asking you to imagine how this decision will be viewed in the future. Do you want your vote to be for destruction or preservation of green space & habitat? Which vote would you be more proud of?

Thank you for your consideration.

Keith Knepper
