#### Service Rates

Citizens highly value open competition for the privilege of serving their garbage collection needs. Freedom of choice and having the ability to switch service providers without government regulation are very important to residents.

Since 1955 we have been giving personalized service to individual homeowners based on their requests and demands. We have found customers make their buying decision on more than just price including type of company, company operations and personalized service. Our service is not a utility. Everyday, we work on the value proposition with our customers, trying to give them the personal service they demand at the best possible price.

Consequently in your community our fees are various and subject to customer demands and the competitive marketplace. Rates quoted for license purposes are available to residents but do not necessarily reflect the actual rates charged in the community due to the personalized nature of the service we provide. As with any business, the range of rates we provide have both a cap and a floor.

We work hard in every community we serve to educate our competition's customers through introductory rates and special offers in an effort to convert them to ACE. We then work equally hard to show them the ACE difference through a competitive price and personalized service.

Sincerely,

Randy Triplett

### TO: ALL KKDS CUSTOMERS

In 1993 A Waste Management Act, Minnesota Statute 115A.9302 went into effect where we, the hauler, are to disclose to our customers where your waste is being disposed of from January 1, 2017 thru December 31, 2017.

You may be responsible for any liability that results from contamination at a facility where your waste has been deposited. Minnesota believes that its waste management system provides substantially more financial and environmental protection than depositing waste in landfills in other states. Managing your waste in Minnesota may minimize your potential liability.

Dear Father Rask:

The Church of St. Odilia, of Shoreview, Minnesota, a Minnesota religious parish corporation, is a tax exempt organization under the provisions of Section 501(c)(3) of the Internal Revenue Code by reason of a Group Ruling issued to the United States Conference of Catholic Bishops by the Internal Revenue Service on June 12, 2013, which is the latest annual update in a series that began with the original determination of March 25, 1946. A copy of the 2013 Group Ruling is enclosed. The Group Exemption Number is 0928.

Dear Sir/Madam:

This responds to your June 5, 2013, request for information regarding the status of your group tax exemption.

Our records indicate that you were issued a determination letter in March 1946, that you are currently exempt from federal income tax under section 501(c)(3) of the Internal Revenue Code, and are not a private foundation within the meaning of section 509(a) of the Code because you are described in sections 509(a)(1) and 170(b)(1)(A)(i).

With your request, you provided a copy of the *Official Catholic Directory for 2013*, which includes the names and addresses of the agencies and instrumentalities and the educational, charitable, and religious institutions operated by the Roman Catholic Church in the United States, its territories, and possessions that are subordinate organizations under your group tax exemption. Your request indicated that each subordinate organization is a non-profit organization, that no part of the net earnings thereof inures to the benefit of any individual, and that no substantial part of their activities is for promotion of legislation. You have further represented that none of your subordinate organizations is a private foundation under section 509(a), although all subordinates do not all share the same sub-classification under section 509(a). Based on your representations, the subordinate organizations in the *Official Catholic Directory for 2013* are recognized as exempt under section 501(c)(3) of the Code under GEN 0928.

Donors may deduct contributions to you and your subordinate organizations as provided in section 170 of the Code. Bequests, legacies, devises, transfers, or gifts to them or for their use are deductible for federal estate and gifts tax purposes if they meet the applicable provisions of section 2055, 2106, and 2522 of the Code.

Subordinate organizations under a group exemption do not receive individual exemption letters. Most subordinate organizations are not separately listed in Publication 78 or the EO Business Master File. Donors may verify that a subordinate organization is included

in your group exemption by consulting the *Official Catholic Directory*, the official subordinate listing approved by you, or by contacting you directly. IRS does not verify the inclusion of subordinate organizations under your group exemption. See IRS Publication 4573, *Group Exemption*, for additional information about group exemptions.

Each subordinate organization covered in a group exemption should have its own EIN. Each subordinate organization must use its own EIN, not the EIN of the central organization, in all filings with IRS.

If you have any questions, please call us at the telephone number shown in the heading of this letter.

Sincerely,

A handwritten signature in cursive script that reads "Cindy Thomas". The signature is written in dark ink and is positioned above the printed name and title.

Item Description: Consider Not Waiving Statutory Liability Limits for 2017

**BACKGROUND**

Minnesota Statute 466.04 states that liability of any municipality on any one claimant shall not exceed \$500,000 when the claim is for death, wrongful act, or omission; and shall not pay more than \$1,500,000 for claims arising out of a single occurrence.

State Statute provides municipalities the opportunity to waive the individual statutory limit to better accommodate claimants that may have been harmed by the City's actions or negligence. However, by waiving the statutory limit there is no limit on the settlement a claimant(s) may receive, and the waiver would apply to all claims. The City's Liability Insurance provider requires a formal action by the City Council designating its intentions.

**POLICY OBJECTIVE**

Not applicable.

**FINANCIAL IMPACTS**

Waiving the statutory limits would create greater risk and carry the potential for higher insurance payouts on claims brought against the City.

**STAFF RECOMMENDATION**

Staff recommends the Council NOT waive the Statutory Liability Limits for 2017.

**REQUESTED COUNCIL ACTION**

Motion to NOT waive the Statutory Liability Limits for 2017.

**BACKGROUND**

The City has seven standing commissions. Commissions advise the City Council on specific actions and offer citizens a way to provide input on issues of importance. The Council annually appoints citizens to the commissions.

The City Council requests interviews, re-appoints Commissioners and/or declares vacancies on the standing Commissions. At the December 6, 2004 City Council meeting, the Council passed a resolution limiting Commissioners to two consecutive, three-year terms and requiring Commissioners to reapply for reappointment to a second term. The resolution states that “A. No later than sixty days....the Council will consider whether to interview the commissioner; if two council members request, a commissioner seeking reappointment will be scheduled to attend an interview before the entire Council. B. Should the Council determine that the individual merits reappointment, that person will be reappointed.”

The commission application process has been refined over the years to recruit the best candidates for commissions. To ensure availability for interviews, staff includes the interview dates in the Requests for Council Actions and in news releases and website postings. By including the interview date in the notices, candidates can plan to be available that day.

Once the application deadline closes, staff determines the number of applicants and sets interview times. Candidates are notified by email and a follow up phone call. If we do not receive confirmation, staff sends a letter confirming the interview date and time.

Commissioners are appointed to terms that begin April 1 of each year. The following Commissioners’ terms expire March 31, 2017:

Community Engagement

Chelsea Holub – eligible and requests reappointment  
Michelle Manke – eligible and requests reappointment  
Amber Sattler – not interested in reappointment

In addition, Theresa Gardella and Scott Becker are resigning from the Community Engagement Commission. Ms. Gardella's term runs through March 31, 2019. Mr. Becker's term runs through March 31, 2019.

Finance Commission

Edwin Hodder - eligible and requests reappointment  
John Murray – eligible and requests reappointment

In addition, Rao Konidena is resigning from the Finance Commission. His term runs through March 31, 2018.

Human Rights Commission

Edward Johnson - eligible and requests reappointment:  
Molli Slade – not interested in reappointment

Lee Diedrick – not eligible for reappointment

If a vacancy occurs because of resignation, death, moving from the City, removal from office, ineligibility for reappointment, etc., on any standing Advisory Commission, the following procedure will be used.

- A. When a Commission vacancy occurs the City Council, at a regular meeting, will establish a deadline for receiving applications and the date of the Council Meeting to interview the applicants. The time between the application deadline and the interviews shall be no more 30 days.
- B. Commission vacancies will be advertised in the City's legal newspaper and, if different, the Roseville Review at least two times before the application deadline. Vacancies will also be advertised on Cable Television and posted on the City Hall Bulletin Board.
- C. Applications received after the deadline will not be accepted.

Item Description: Authorize staff to enter into a professional services contract with Kimley-Horn to lead an update of the subdivision code (**PROJ-0042**)

---

**BACKGROUND**

On September 19, 2016, the City Council enacted an interim ordinance (i.e., a moratorium) prohibiting creation of parcels for new residential development through the “minor subdivision” process defined in the Subdivision Code. The interim ordinance was adopted with the understanding that the Subdivision Code, and Minor Subdivision section, was due for updating. The moratorium is set to expire on March 18, 2017, or upon the adoption of revised minor subdivision regulations addressing the reasons for enacting the interim ordinance; if necessary, the moratorium may be extended up to an additional six months beyond March 18, 2017, to allow more time to appropriately update the minor subdivision ordinance.

**PLANNING DIVISION COMMENTS**

The Subdivision Code as a whole has been in need of update, at least since the adoption of the 2030 Comprehensive Plan; an update is still required to ensure that the subdivision regulations are in line with the goals and policies of the comprehensive plan, much like the zoning code update that was completed in 2010. The Planning Division believes, however, that the bulk of the existing subdivision regulations, which were adopted in 1956 to provide for the orderly physical development of a community that was substantially undeveloped, are less appropriate for a community that has become almost completely built-out in the intervening 60 years. Subdivision regulations that were suitable for platting large tracts of open or agricultural land with many lots and new street rights-of-way are less well suited to guiding current applications, which predominantly involve further subdivision of individual parcels, transferring small parcels of land from one lot to an abutting neighbor, or aggregating groups of smaller parcels into larger lots for redevelopment. Beginning in early 2014, Planning Division staff made attempts to research current best practices and draft appropriate updates to subdivision code regulations, but due to workload and capacity constraints, the Planning Division has only been able to respond with text amendments to the code in reaction to applications received.

The Planning Division budgeted to hire a consultant to lead this process, with the intent to begin the update in 2017. Staff has requested proposals from consultants to lead a process of updating the whole subdivision code, including the minor subdivision regulations, at once, ideally completing the update before the moratorium expires.

Staff received five proposals, with a wide range of scopes and an average price of \$21,675, and found that the proposal from Kimley-Horn and Associates, Inc. (Kimley-Horn) identified the most appropriate work plan at a cost of \$19,500, which falls within the Community Development Department's budget of approximately \$20,000 for updating the Subdivision Code in 2017. Generally, the proposal involves the following steps which can be completed by mid-March:

- creating a detailed outline describing how and why a new subdivision code would resemble or differ from the existing regulations; staff would present this outline to the Planning Commission and City Council for feedback and guidance
- drafting the revised subdivision code based on the intermediate feedback to the proposed outline
- presenting the draft subdivision code at a public hearing and revising the draft according to the Planning Commission's recommendation after the public hearing
- presenting the final draft ordinance to City Council for final action
- making any required changes specified by City Council action on the ordinance

A detailed, draft scope of work has been provided in the consultant's proposal, and this information is the basis for the Standard Agreement for Professional Services. The proposal references Kimley-Horn's professional services agreement, but Kimley-Horn and the City Attorney have agreed on the terms of Roseville's Standard Agreement for Professional Services. Therefore, the standard agreement, supported by Kimley-Horn's detailed scope of work and cost, is included with this RCA for Council approval.

#### **REQUESTED ACTION**

**Authorize staff to enter into a Standard Agreement for Professional Services with Kimley-Horn to lead an update of the subdivision code based on the detailed scope of services.**

This Agreement ("Agreement") is made on the 8th day of December, 2016, between the City of Roseville, a municipal corporation (hereinafter "City"), and Kimley-Horn and Associates, Inc., a domestic corporation (hereinafter "Consultant").

### Preliminary Statement

The City has adopted a policy regarding the selection and hiring of consultants to provide a variety of professional services for City projects. That policy requires that persons, firms or corporations providing such services enter into written agreements with the City. The purpose of this Agreement is to set forth the terms and conditions for the performance of professional services by the Consultant.

The City and Consultant agree as follows:

1. **Scope of Work Proposal.** The Consultant agrees to provide the professional services shown in Exhibit "A" attached hereto ("Work") in consideration for the compensation set forth in Provision 3 below. The terms of this Agreement shall take precedence over and supersede any provisions and/or conditions in any proposal submitted by the Consultant.
2. **Term.** The term of this Agreement shall be from December 8, 2016, through June, 6, 2017, the date of signature by the parties notwithstanding.
3. **Compensation for Services.** The City agrees to pay the Consultant the compensation described in Exhibit B attached hereto for the Work, subject to the following:
  - A. Any changes in the Work which may result in an increase to the compensation due the Consultant shall require prior written approval of the City. The City will not pay additional compensation for Work that does not have such prior written approval.
  - B. Third party independent contractors and/or subcontractors may be retained by the Consultant when required by the complex or specialized nature of the Work when authorized in writing by the City. The Consultant shall be responsible for and shall pay all costs and expenses payable to such third party contractors unless otherwise agreed to by the parties in writing.

46 4. **City Assistance.** The City agrees to provide the Consultant with the following assistance  
 47 concerning the Work to be performed hereunder:

48  
 49 A. Depending on the nature of the Work, Consultant may from time to time require  
 50 access to public and private lands or property. To the extent the City is legally and  
 51 reasonably able, the City shall provide access to and make provisions to enable the  
 52 Consultant to enter upon public and private land and property as required for the  
 53 Consultant to perform and complete the Work.

54  
 55 B. The City shall furnish the Consultant with a copy of any special standards or criteria  
 56 promulgated by the City relating to the Work, including but not limited to design and  
 57 construction standards, that is needed by the Consultant in order to prepare for the  
 58 performance of the Work.

59  
 60 C. A person shall be appointed to act as the City's representative with respect to the  
 61 Work to be performed under this Agreement. Such representative shall have  
 62 authority to transmit instructions, receive information, interpret, and define the City's  
 63 policy and decisions with respect to the Work to be performed under this Agreement,  
 64 but shall not have the right to enter into contracts or make binding agreements on  
 65 behalf of the City with respect to the Work or this Agreement.

 121 The Consultant shall at all times abide by Minn. Stat. § 13.01 et seq. and the Minnesota  
 122 Government Data Practices Act, to the extent the Act is applicable to data, documents,  
 123 and other information in the possession of the Consultant.  
 124

The Consultant and City, together with their respective agents and employees, agree to abide by the provisions of the Minnesota Data Practices Act, Minnesota Statutes Section 13, as amended, and Minnesota Rules promulgated pursuant to Chapter 13. Any violation by the Consultant of statutes, ordinances, rules and regulations pertaining to the Work to be performed shall constitute a material breach of this Agreement and entitle the City to immediately terminate this Agreement.
16. **Waiver.** Any waiver by either party of a breach of any provisions of this Agreement shall not affect, in any respect, the validity of the remainder of this Agreement.
17. **Indemnification.** To the fullest extent permitted by law, the Consultant agrees to defend, indemnify and hold the City, Councilmembers, officers, agents, employees, and

representatives harmless from and against all liability, claims, damages, costs, judgments, losses, and expenses, including but not limited to reasonable attorney's fees, to the extent caused by the negligent acts of the Consultant, its officers, agents, employees, contractors, and/or subcontractors pertaining to the execution, performance or failure to adequately perform the Work and/or its obligations under this Agreement.

18. **Insurance.**

A. General Liability. Prior to starting the Work, the Consultant shall procure, maintain and pay for such insurance as will protect against claims for bodily injury or death, and for damage to property, including loss of use, which may arise out of operations by the Consultant or by any subcontractor of the Consultant, or by anyone employed by any of them, or by anyone for whose acts any of them may be liable. Such insurance shall include, but not be limited to, minimum coverages and limits of liability specified in this Provision 18 or required by law. C. The Commercial General Liability policy(ies) shall be equivalent in coverage to ISO form CG 0001, and shall include the following:

a. Personal injury with Employment Exclusion (if any) deleted;

- b. Broad Form Contractual Liability coverage; and
- c. Broad Form Property Damage coverage, including Completed Operations.

D. Professional Liability Insurance. The Consultant agrees to provide to the City a certificate evidencing that it has in effect, with an insurance company in good standing and authorized to do business in Minnesota, a professional liability insurance policy. Said policy shall insure payment of damage for liability arising out of the performance of professional services for the City, in the insured's capacity as the Consultant, if such liability is caused by a negligent act, error, or omission of the insured or any person or organization for whom the insured is liable. Said policy shall provide an aggregate limit of \$19,500.00.

E. Consultant shall maintain in effect all insurance coverages required under this Provision 18 at Consultant's sole expense and with insurance companies licensed to do business in the state in Minnesota and having a current A.M. Best rating of no less than A-, unless otherwise agreed to by the City in writing. In addition to the requirements stated above, the following applies to the insurance policies required under this Provision:

- a. All policies, except the Professional Liability Insurance policy, shall be written on an "occurrence" form ("claims made" and "modified occurrence" forms are not acceptable);
- b. All policies, except the Professional Liability Insurance and Worker's Compensation Policies, shall contain a waiver of subrogation naming "the City of Roseville";
- c. All policies, except the Professional Liability Insurance and Worker's Compensation Policies, shall name "the City of Roseville" as an additional insured;
- d. All policies, except the Professional Liability Insurance and Worker's Compensation Policies, shall insure the defense and indemnify obligations assumed by Consultant under this Agreement; and
- e. All policies shall contain a provision that coverages afforded thereunder shall not be canceled or non-renewed or restrictive modifications added, without thirty (30) days prior written notice to the City.

A copy of the Consultant's insurance declaration page, Rider and/or Endorsement, as applicable, which evidences the compliance with this Paragraph 18, must be filed with City prior to the start of Consultant's Work. Such documents evidencing insurance shall be in a form acceptable to City and shall provide satisfactory evidence that Consultant has complied with all insurance requirements. Renewal certificates

shall be provided to City prior to the expiration date of any of the required policies. City will not be obligated, however, to review such declaration page, Rider, Endorsement or certificates or other evidence of insurance, or to advise Consultant of any deficiencies in such documents and receipt thereof shall not relieve Consultant from, nor be deemed a waiver of, City's right to enforce the terms of Consultant's obligations hereunder. City reserves the right to examine any policy provided for under this Provision 18.

- F. If Consultant fails to provide the insurance coverage specified herein, the Consultant will defend, indemnify and hold harmless the City, the City's officials, agents and employees from any loss, claim, liability and expense (including reasonable attorney's fees and expenses of litigation) to the extent necessary to afford the same protection as would have been provided by the specified insurance. Except to the extent prohibited by law, this indemnity applies regardless of any strict liability or negligence attributable to the City (including sole negligence) and regardless of the extent to which the underlying occurrence (i.e., the event giving rise to a claim which would have been covered by the specified insurance) is attributable to the negligent or otherwise wrongful act or omission (including breach of contract) of Consultant, its contractors, subcontractors, agents, employees or delegates. Consultant agrees that this indemnity shall be construed and applied in favor of indemnification. Consultant also agrees that if applicable law limits or precludes any aspect of this indemnity, then the indemnity will be considered limited only to the extent necessary to comply with that applicable law. The stated indemnity continues until all applicable statutes of limitation have run.

If a claim arises within the scope of the stated indemnity, the City may require Consultant to:

- a. Furnish and pay for a surety bond, satisfactory to the City, guaranteeing performance of the indemnity obligation; or
- b. Furnish a written acceptance of tender of defense and indemnity from Consultant's insurance company.

Consultant will take the action required by the City within fifteen (15) days of receiving notice from the City.

19. ***Ownership of Documents.*** All plans, diagrams, analysis, reports and information generated in connection with the performance of this Agreement ("Information") shall become the property of the City, but the Consultant may retain copies of such documents as records of the services provided. The City may use the Information for any reasons it deems appropriate without being liable to the Consultant for such use. The Consultant shall not use or disclose the Information for purposes other than performing the Work contemplated by this Agreement without the prior consent of the City.

20. **Dispute Resolution/Mediation.** Each dispute, claim or controversy arising from or related to this Agreement or the relationships which result from this Agreement shall be subject to mediation as a condition precedent to initiating arbitration or legal or equitable actions by either party. Unless the parties agree otherwise, the mediation shall be in accordance with the Commercial Mediation Procedures of the American Arbitration Association then currently in effect. A request for mediation shall be filed in writing with the American Arbitration Association and the other party. No arbitration or legal or equitable action may be instituted for a period of 90 days from the filing of the request for mediation unless a longer period of time is provided by agreement of the parties. Cost of mediation shall be shared equally between the parties. Mediation shall be held in the City of Roseville unless another location is mutually agreed upon by the parties. The parties shall memorialize any agreement resulting from the mediation in a Mediated Settlement Agreement, which Agreement shall be enforceable as a settlement in any court having jurisdiction thereof.
21. **Annual Review.** Prior to each anniversary of the date of this Agreement, the City shall have the right to conduct a review of the performance of the Work performed by the Consultant under this Agreement. The Consultant agrees to cooperate in such review and to provide such information as the City may reasonably request. Following each performance review the parties shall, if requested by the City, meet and discuss the performance of the Consultant relative to the remaining Work to be performed by the Consultant under this Agreement.
22. **Conflicts.** No salaried officer or employee of the City and no member of the Board of the City shall have a financial interest, direct or indirect, in this Agreement. The violation of this provision shall render this Agreement void.
23. **Governing Law.** This Agreement shall be controlled by the laws of the State of Minnesota.
24. **Counterparts.** This Agreement may be executed in multiple counterparts, each of which shall be considered an original.
25. **Severability.** The provisions of this Agreement are severable. If any portion hereof is, for any reason, held by a court of competent jurisdiction to be contrary to law, such decision shall not affect the remaining provisions of this Agreement.
26. **Entire Agreement.** Unless stated otherwise in this Provision 26, the entire agreement of the parties is contained in this Agreement. This Agreement supersedes all prior oral agreements and negotiations between the parties relating to the subject matter hereof as well as any previous agreements presently in effect between the parties relating to the subject matter hereof. Any alterations, amendments, deletions, or waivers of the provisions of this Agreement shall be valid only when expressed in writing and duly signed by the parties, unless otherwise provided herein. The following agreements supplement and are a part of this Agreement: None.

**Illegal Gambling:** The lessor is aware of the prohibition against illegal gambling in Minnesota Statutes 609.75, and the penalties for illegal gambling violations in Minnesota Rules 7865.0220, Subpart 3. In addition, the Board may authorize the organization to withhold rent for a period of up to 90 days if the Board determines that illegal gambling occurred on the premises or that the lessor or its employees participated in the illegal gambling or knew of the gambling and did not take prompt action to stop the gambling. Continued tenancy of the organization is authorized without payment of rent during the time period determined by the Board for violations of this provision, as authorized by Minnesota Statutes, Section 349.18, Subd. 1(a).

To the best of the lessor's knowledge, the lessor affirms that any and all games or devices located on the premises are not being used, and are not capable of being used, in a manner that violates the prohibitions against illegal gambling in Minnesota Statutes, Section 609.75.

The lessor, the lessor's immediate family, any person residing in the same residence as the lessor, and any agents or employees of the lessor will not require the organization to perform any action that would violate statute or rule. The lessor must not modify or terminate this lease in whole or in part due to the lessor's violation of this provision. If there is a dispute as to whether a violation occurred, the lease will remain in effect pending a final determination by the Compliance Review Group (CRG) of the Board. The lessor agrees to arbitration when a violation of this provision is alleged. The arbitrator shall be the CRG.

Item Description: Request by City of Roseville to amend City Code Chapter 1004 (Residential Districts) to revise regulations pertaining to the quantity of built improvements allowed on properties in the LDR-2 zoning district (PROJ0017)

**APPLICATION INFORMATION**

Applicant: City of Roseville

Property Owner: N/A

Open House Meeting: N/A

Application Submission: N/A

City Action Deadline: N/A

**PLANNING COMMISSION ACTION**

The Planning Commission held the public hearing for this application on November 2, 2016, and voted 7 – 0 to recommend approval of the proposed zoning text amendment.

**1 ZONING AMENDMENT ANALYSIS**

2 In August 2016, the City Council passed an ordinance increasing the amount of impervious  
3 surfaces allowed on lots zoned LDR-2 from 30% to 35% and, while the amendment was being  
4 considered, the Council directed Planning Division staff to initiate a further amendment of this  
5 part of the code to reduce the amount of overall “improvement area” (i.e., development potential,  
6 essentially) of LDR-2 lots.

7 As contemplated in the zoning code, a property’s allowed improvement area is the amount of  
8 built improvements permitted, regardless of whether those improvements are impervious or  
9 otherwise. This is intended to limit the overall intensity of development on a property after it has  
10 reached the permitted amount of impervious surfaces; decks, permeable patios or paths, arbors,  
11 and so on are subject to the improvement area limit even if they are built in a way that isn’t  
12 impervious. Planting beds and similar landscaped areas are not constrained by the improvement  
13 area limit. The current zoning provision, incorporated with the comprehensive zoning code  
14 update in 2010, limits an LDR-2 property to 70% coverage by this kind of built improvements,  
15 and the City Council instructed staff to lower that allowance to 50% to match the limit for LDR-1  
16 properties.

The desire to further limit built improvements in the LDR-2 district was primarily discussed in the context of lots for single-family, detached homes because the aesthetic expectations for single-family neighborhoods are generally believed to include more “open” or “green” space than neighborhoods of more-dense housing types. Single-family, detached homes are permitted development types in three zoning districts: LDR-1, LDR-2, and MDR. Minimum lot sizes for single-family, detached homes decrease across these districts, and the size of the homes is generally expected to shrink along with lot sizes. The LDR-1, LDR-2, and MDR zoning districts were intended to allow for an increasing proportion of improvement area in an effort to ensure that the lots remained reasonably developable even as the lot sizes approached the minimum standards in their respective districts.

This intent is reflected in early drafts of the LDR-1 and -2 and MDR district regulations, although these earliest drafts still utilized limits only on impervious surfaces, as had traditionally been the case. The draft of the LDR-1 district carried forward the 30% limit of the former R1 district, the draft LDR-2 district would have allowed 50% impervious coverage on lots for single-family, detached homes, and the draft MDR district would have allowed 60% impervious coverage. Eventually, the draft regulations shifted focus from only limiting impervious surfaces to also limiting the kinds of overall built improvements discussed above, since those other improvements also affect the character of a residential property. This is when the 50% *improvement area* limit was proposed for the LDR-1 district, and the 70% limit was proposed for the LDR-2 district. Staff has been unable to find documentation of why these particular figures were proposed, but they were established some time before the discussion of an improvement area limit for the MDR district. This time differential may help to explain the apparent failure to reconcile the 65% limit later set for the MDR district with the 70% limit in the LDR-2 district when the LDR-2 limit would be expected to be lower than the MDR limit.

The City Council’s initial indication about this amendment was that a 50% improvement area limit was preferred for the LDR-2 district, coinciding with the same limit in the LDR-1 district. Planning Division staff believes that there is good reason to lower the limit in the LDR-2 district, especially since the current limit is greater than that of the MDR district. Because of the perceived value in the diversity of housing choices facilitated by the unique LDR-2 lot sizes, the Planning Commission felt allowing a degree of development on LDR-2 lots between the 50% LDR-1 limit and the 65% MDR limit would be worthwhile. For this reason, given that the minimum lot size in the LDR-2 district (i.e., 6,000 square feet) is quite a bit closer to the 4,800 square-foot minimum MDR lot size than the minimum lot size in the LDR-1 district (i.e., 11,000 square feet), the Planning Commission recommended reducing the LDR-2 improvement area limit to 60% of a parcel area. A draft ordinance is included with this RCA as Exhibit B.

## **PUBLIC COMMENT**

The public hearing for the proposed zoning amendment was held by the Planning Commission on November 2, 2016; draft minutes of the public hearing are included with this RCA as Exhibit A. The draft minutes indicate the inclusion of a diagram prepared by Commissioner Daire, illustrating various residential lot sizes and the portion of their respective parcel areas encompassed within generalized principal-structure setback lines. The diagram seemed helpful to some Commissioners in visualizing how the improvement area limits compared to the area within these setbacks, but the illustrations didn’t prove helpful in visualizing the effects of improvement area (i.e., its contribution to mass and reduction of green space) because

improvements are distributed much more widely around a property than the principal structure setback likes would suggest. At the time this report was prepared, Planning Division staff has not received additional communications from the public.

#### LEVEL OF CITY DISCRETION IN DECISION-MAKING

Action taken on a proposed zoning change is legislative in nature; the City has broad discretion in making land use decisions based on advancing the health, safety, and general welfare of the community.

#### PLANNING COMMISSION RECOMMENDATION

**Pass an ordinance amending City Code Section 1004.09C (Improvement Area) to reduce the Improvement Area limit in the LDR-2 District**, based on the findings and recommendation of the Planning Commission, the content of this RCA, public input, and City Council deliberation.

#### ALTERNATIVE ACTIONS

**A) Pass a motion to table the item for future action.** While there's no required timeline for approving City-initiated proposals such as this, deferring action into the future could have adverse consequences for property owners or potential developers who may be following this process and anticipating its conclusion.

**B) By motion, deny the request.** Denial should be supported by specific findings of fact based on the City Council's review of the application, applicable City Code regulations, and the public record.

## RCA Exhibit A

**a. PROJECT FILE 0017, Amendment 13**

**Request by the City of Roseville to amend City Code, Chapter 1004 (Residential Districts) to revise regulations pertaining to the quantity of built improvements allowed on properties in the LDR-2 Zoning District**

Chair Boguszewski opened the public hearing for Planning File 160928 at approximately 8:09 p.m.

Senior Planner Bryan Lloyd briefly introduced this request for text amendments based on further City Council direction and previous Planning Commission action and staff recommendations. Mr. Lloyd referenced meeting minutes to inform that direction; and reduction in the overall allowable improvement area from the recommended 70% to 50% by the City Council for LDR-2 zoning district designations. Mr. Lloyd reviewed the definition of "improvement area" including all areas built on a property with some counting toward impervious coverage and others not as detailed in the staff report. Mr. Lloyd further reviewed zoning code limitations on the portion of a lot that could be built on and variables between LDR-1 and LDR-2 based on recognizing minimum lot sizes and constraints on the developable portion of those lots and market conditions.

Mr. Lloyd advised that in staff's research, the 2010 adjustments made to the zoning code regulating impervious surfaces and improvement areas were intended to provide some flexibility in calculations, and therefore LDR-1 and LDR-2 districts were respectively defined at 50% and 70% as reasonable. Also, Mr. Lloyd pointed out that later a similar flexible calculation had been applied for MDR designations at 65%, somewhat smaller than the 70% for LDR-2 designations.

Mr. Lloyd clarified that the idea was that as single-family lot sizes got smaller in LDR-2 and MDR-2, the allowance can increase; but if LDR-1 is at that end of the range at 50% and LDR-2 at the middle of that range; keeping the continuum in place, staff then proposed 60% versus 70% for LDR-2 given lot similarities for MDR versus LDR-1. Therefore, Mr. Lloyd referenced the fairly simple amendment proposed by staff in response to the most recent City Council direction, as shown in the draft ordinance (RPCA Attachment B).

Member Bull asked if this would produce any properties in the city now becoming nonconforming.

Mr. Lloyd agreed that it probably would, noting that there are some LDR parcels in the city that have been in existence for a long time; and with the latest zoning code amended in 2010 and now applied to properties meeting those development parameters (e.g. two-family homes or duplexes) or having a density parameter for LDR districts, some of those were nearly 100% imperviously covered based on the development put together when constructed, that were at the time legal. Even at 70% coverage, Mr. Lloyd noted some were or would be nonconforming if a smaller portion of the improvement area was now applied. However, Mr. Lloyd noted it was equally true that the city hadn't received any permits for expansions for any of those properties for many years even with the current LDR-2 district in place. However, Mr. Lloyd advised that no one was going to have a harder time with future proposals with this amendment than they would have under today's city code provisions.

Member Bull stated his concern was with imposing hardships on residents seeking to improve their properties.

Mr. Lloyd clarified that in general, this amendment would apply to new versus existing developments.

Member Daire asked staff to display a sketch he had created based on his interpretation of what this amendment would mean to various zoning designations for LDR-1, LDR-2 and MDR minimum lot sizes and total buildable or impervious areas. Member Daire reviewed various calculations and required setback scenario for each property type based on impervious surfaces and improvement areas, all toward addressing implications for involvement of total lot area.

Using Member Daire's sketch, Mr. Lloyd reviewed the implications from staff's perspective, opining that those setbacks as drawn are mostly correct, but needed to be applied to the principle structure (e.g. house and attached garage) and available parameters within which to build. Mr. Lloyd further clarified that an unenclosed porch, even if encroaching into the front yard setback was fine as it was not considered to be an impervious surface, and similarly a detached storage shed or garage as accessory structures or decks without a roof and not enclosed. Therefore, Mr. Lloyd noted there was no direct relationship between the size of a lot and principle structure's buildable area and the improvement areas as defined in

## RCA Exhibit A

52 Attachment B, Item C. At the request of Member Daire, Mr. Lloyd confirmed that included driveways and  
53 turnarounds as well.

54 At the request of Chair Boguszewski, and with a mixture of examples provided for impervious coverage  
55 considerations, Mr. Lloyd further clarified that all impervious coverage was subject to the limits of the  
56 overall improvement area. Mr. Lloyd noted that while there was no intentional relationship between the  
57 total area of all developments on a site with the overall lot size, they could coincide depending on the  
58 specific situation.

59 Chair Boguszewski summarized, with concurrence by Mr. Lloyd, that it was about the improvement area,  
60 not the impervious area.

61 Pm Attachment B, Mr. Lloyd pointed out the proposed standards for LDR properties but further reduced  
62 and adjusted for properties within a Wetland Management District.

63 Mr. Lloyd noted that since applicable setback lines are different for what ended up built on a given  
64 property, all of which could be different, there was no real way to capture how development and setback  
65 constraints could be affected and therefore addressing how best to set impervious allowances; and also  
66 depending on how dense a given development was to be.

67 Chair Boguszewski led a discussion on City Council direction to staff and request for further review and  
68 deliberation by the Planning Commission based on the City Council's most recent discussions. Individual  
69 Commissioners addressed potential impervious coverage percentages to accommodate reasonable  
70 terms of scale and lot sizes.

71 Chair Boguszewski opined that he considered 50% coverage for LDR-2 enough and found 60% less  
72 desirable.

73 Member Kimble questioned how, as communities and lifestyles change, how these proposed changes  
74 applied with other communities and their best practices for use as bench marks to determine if these  
75 percentages are appropriate.

76 Mr. Lloyd advised that staff had looked at several neighboring communities and their impervious  
77 coverage limits for LDR-2, and had also specifically asked questions at the time about raising maximum  
78 coverage. However, Mr. Lloyd noted the difficulties in putting together a cohesive picture of those  
79 comparisons, as lot sizes tended to be much smaller in other communities as well as how existing  
80 construction is regulated. Mr. Lloyd noted that some did have impervious coverage limits, some for the  
81 principle structure (e.g. home) but not other impervious surface coverage restrictions, making it difficult to  
82 get an across-the-board picture for the total amount of building allowed on a site and how it was  
83 regulated.

84 Member Daire noted his sketches didn't take into consideration turnarounds, now that he understood they  
85 were considered improvements, even though sidewalks, driveways and decks may or may not be.  
86 Therefore, Member Daire admitted he was now beginning to understand the distinction between setbacks  
87 and actual improvement area classification.

88 Mr. Lloyd noted that, even if the improvement area for a particular development or lot size filled up the  
89 space in setback boundaries, it didn't necessarily mean all of those improvements would be located in a  
90 block in the middle of the property, but could stretch out on another portion of the site.

91 Chair Boguszewski cited other examples, using Member Daire's sketch, opining his opinion had been  
92 swayed to now consider that 60% for LDR-2 may be enable a reasonable development on a smaller LDR-  
93 2 designated site; with these sketches guiding his revised opinion, since he was previously missing out on  
94 the mathematical and/or geometric context. Chair Boguszewski thanked Member Daire, as a past City of  
95 Minneapolis City Planner for adding this dimension to the discussion, and asked staff to include a copy of  
96 Member Daire's diagram as an attachment moving forward to the City Council's deliberation, ***attached***  
97 ***hereto and made a part hereof.***

98 As stated, Chair Boguszewski revised his comfort level to 60%, but no higher; unless it proved contrary to  
99 the spirit of overdevelopment and retention of green space.

## RCA Exhibit A

Member Gitzen agreed that 60% be the maximum, and even though he could define no hard numbers for that rationale between 50% and 60%, all considered subjective to him, he opined that 50% was too low and he thought 560% was more accurate. Member Gitzen opined that this wasn't a math problem that could be solved based on a particular comfort level, but stated that he didn't want to limit people desiring to build.

Member Murphy echoed the 60% as reasonable and opined that a result of supporting something lower than that might confine some desired improvements, even though he agreed it was a subjective area, but reiterating that he found the 60% to be his sweet spot.

Member Bull referenced earlier action at tonight's meeting where the Commission had chosen to be more restrictive on the Conditional Use process. However, if the Commission sets this at 50% to 60% on an individual basis, Member Bull asked if that would require a property owner to apply for a Variance in some instances.

Mr. Lloyd confirmed that could be the case. However, in the context of Variances versus Conditional Uses, in particular with new development, Mr. Lloyd noted an existing property coming forward for a Variance may be based on something that seemed adequate for development in the 1950's no longer met household needs. Therefore, Mr. Lloyd opined that likewise someone with a new development would be in that same subjective territory of limits that were overly restrictive now and seeking adequate development on site based on today's market conditions and what would work for today's family and lifestyles. Mr. Lloyd opined that may be not different, but within a different context.

Chair Boguszewski opined that this was perfect fodder for Variance Board consideration and if a need or hardship is identified under specific situations.

Chair Boguszewski closed the public hearing at 8:30 p.m.; no one spoke for or against.

### **MOTION**

**Bull moved, seconded by Member Gitzen to recommend to the City Council APPROVAL of the draft ordinance as presented by staff (RPCA Attachment B) as presented by staff and incorporating the proposed zoning text amendment, based on the comments and findings of the staff report dated November 2, 2016, and based on public comments and Planning Commission input.**

Item Description: Consider Changes to City Code Chapter 314.05: the 2017 Fee Schedule

**BACKGROUND**

Each year the City Council is asked to adopt a Fee Schedule which establishes the fees and charges for service for the City's regulatory functions. The presence of a fee schedule allows regulatory-type fees to be easily identified in one document, as opposed to being scattered throughout City Code. In addition, a fee schedule adopted on an annual basis provides the Council the opportunity to review fees for services in a comprehensive manner.

Over the past several months, Staff has reviewed the direct and indirect costs of the City's regulatory functions, to determine whether fee adjustments are necessary or if new fees should be established to better define the cost of specific services.

Based on this analysis, Staff recommends adjustments to the following existing fees:

- ☐ General Business Licenses & Permit Fees (*various*)
- ☐ Building Permit & Plan Review Fees (*various*)
- ☐ Miscellaneous Community Development Fees (*various*)
- ☐ Park Dedication Fee

Staff is also recommending the establishment of several new fees. They include:

- ☐ Private hydrant inspections: \$50-\$100+ (**PW Dept.**)
- ☐ Stormwater impact fee (non-residential): \$22.50/cubic foot (**PW Dept.**)
- ☐ Sump pump waiver fee: \$50 (**PW Dept.**)
- ☐ Sump pump surcharge fee: \$50 (**PW Dept.**)
- ☐ Curb stop turn on/turn off: \$50 (**PW Dept.**)
- ☐ Erosion control inspection permit-shore land district: \$300 (**PW Dept.**)
- ☐ Erosion control inspection permit-residential remodel: \$300 (**PW Dept.**)
- ☐ Erosion control inspection permit-permit renewal: \$150 (**PW Dept.**)
- ☐ Erosion control escrow fee-residential remodel: \$1,000 (**PW Dept.**)
- ☐ Fire plan review fee: varied amount (**Fire Dept.**)
- ☐ Rental registration late renewal fee: \$35 (**CD Dept.**)
- ☐ Vacant building registration fee: \$50-75 (**CD Dept.**)
- ☐ Residential property improvement fee (driveway/shed): \$75 (**CD Dept.**)
- ☐ Parking lot repair fee: \$250 (**CD Dept.**)

- ☐ Verification fee (electrician license/sewer & water bond): \$1-\$5 **(CD Dept.)**
- ☐ Landscape improvement permit: \$75 **(CD Dept.)**
- ☐ PUD-sketch plan: \$350-\$800 **(CD Dept.)**
- ☐ PUD-Concept Plan: \$800-\$4,200 **(CD Dept.)**
- ☐ PUD-Final Plan: \$1,200-\$1,800 **(CD Dept.)**

Departmental Staff will be on hand at the Council meeting to address the new fees.

All of the Fee Schedule changes are highlighted in yellow on the attached Fee Schedule, and generally reflect the need to recover increased regulatory costs, staff time related to special requests, or development-related impacts on city services.

The attached files contain the draft ordinance and ordinance summary to be considered at the Council meeting.

#### **POLICY OBJECTIVE**

**CITY OF ROSEVILLE  
ORDINANCE NO. \_\_\_\_**

**AN ORDINANCE AMENDING CHAPTER 314.05, FEE SCHEDULE  
ADOPTING THE 2017 FEE SCHEDULE**

**THE CITY OF ROSEVILLE HEREBY ORDAINS:**

**SECTION 1. Purpose.** The City of Roseville annually adopts a Fee Schedule which establishes the fees and charges for service for the City's regulatory functions. In addition, a fee schedule adopted on an annual basis provides the City Council the opportunity to review fees for services in a comprehensive manner.

**SECTION 2. Other Fee References**

By enacting this ordinance, all fee amounts previously established and contained herein are hereby amended as submitted.

**SECTION 3. Authority**

The authority to enact the fees identified herein is established by City Code.

**SECTION 4. Penalty**

Failure to pay the fees identified herein is subject to penalties and interest as established by City Code.

**SECTION 5. Fee Schedule**

The 2017 Fee Schedule is as shown in *Exhibit A*.

**SECTION 6. Effective Date.** This ordinance shall be effective upon adoption and publication.

**Passed this 5th day of December, 2016.**

## **Building Permit and Plan Review Fees**

City Code Sections; 307, 801, 802, 901, 1014. \*\* All permits, licenses, fees, & fines are subject to a technology fee.

### Building Permit Fee – Community Development

Permit fee to be based on job cost valuation. The determination of value or valuation shall be made by the building official. The value to be used in computing the building permit and building plan review fees shall be the total of all construction work for which the permit is issued, as well as all finish work, painting, roofing, electrical, plumbing, heating, air conditioning, elevators, fire-extinguishing systems and any other permanent equipment.

### Plan Review Fee:

When a building permit is required and a plan is required to be submitted, a plan checking fee shall be paid. Plan checking fees for all buildings shall be sixty five percent (65%) of the building permit fee as set forth in Section 901.06 of this chapter, except as modified in M.S.B.C. Section 1300. (Ord. 1110, 4-13-1992)

The plan review fees specified are separate fees from the permit fees and are in addition to the permit fees. When submittal documents are incomplete or changed so as to require additional plan review or when the project involves deferred submittal items an additional plan review fee shall be charged.

### Expiration of plan review:

Applications for which no permit is issued within 180 days following the date of application shall expire by limitation, and plans and other data submitted for review may thereafter be returned to the applicant or destroyed by the building official.

The building official may extend the time for action by the applicant for a period not exceeding 180 days on request by the applicant showing that circumstances beyond the control of the applicant have prevented action from being taken. No application shall be extended more than once. In order to renew action on an application after expiration, the applicant shall resubmit plans and pay a new plan review fee.

### Refund Policy

The building official may authorize refunding of any fee paid hereunder pursuant to the established fee policy of the Community Development department.

### Investigation Fee: Work without a Permit

Whenever any work for which a permit is required from the city has been commenced without first obtaining said permit, a special investigation shall be made before a permit may be issued for such work.

An investigation fee, in addition to the permit fee, shall be collected whether or not a permit is then or subsequently issued. The investigation fee shall be equal to the amount of the permit fee required by this Fee Schedule. The payment of such investigation fee shall not exempt any person from compliance with all other provisions of State and City Code nor from any penalty prescribed by law.

Item Description: Request to Amend City Code Chapter 304: Lawful Gambling

**BACKGROUND**

In a letter dated October 4, 2016 (*Attachment B*), the Roseville Area Youth Hockey Association (RAYHA) issued a formal request for the City to consider amending City Code Chapter 304: Lawful Gambling; to allow local non-profit organizations to have up to three separate locations within city limits to conduct lawful gambling activities. The current Code allows for only two locations.

The City Council held an initial discussion on RAYHA's request on October 24<sup>th</sup> but did not take any action. The Council did ask Staff to address two general inquiries at a subsequent meeting; whether an establishment (restaurant) could have more than one organization conducting lawful gambling activities, and a more detailed list of advantages and disadvantages of making the change.

Staff has confirmed that multiple organizations can conduct lawful gambling activities at the same establishment. However, there are practical limitations that would likely limit the number of organizations sharing a particular site.

Perhaps the larger issue of enacting the requested change are the potential benefits and impacts to Roseville-based organizations. RAYHA largely addressed the benefits to their organization at the October 24<sup>th</sup> meeting when they identified the following:

- ☐ Greater profit levels and subsequent lower costs for their members
- ☐ All profits are spent locally
- ☐ Profits at the Bingo Hall are declining, and a third location would help offset this impact

Staff would add that RAYHA is experienced in lawful gambling activities and the regulatory requirements that accompany it. They are also well-organized, which leaves them favorably positioned to replicate their success at a third location.

The General Manager of Joe Senser's also spoke to the advantages to his establishment of having the ordinance change enacted. Specifically, an expected increase in customers that would come from RAYHA as opposed to their current tenant (MN Brass).

The disadvantages to enacting the proposed ordinance change are more conceptual. As noted at the October 24<sup>th</sup> meeting the original purpose of limiting the number of locations was to ensure that no single organization would receive a disproportionate share of the lawful gambling income that might be derived within the community.

Allowing an organization to have multiple sites could very well limit prospective opportunities for other Roseville-based organizations. Especially considering that the Code further established a maximum of eight lawful gambling locations in the city. However, in the absence of other organizations stepping forward to conduct site-specific lawful gambling activities, the negative impact remains conceptual. Should the Council enact the requested ordinance change, it could mitigate this impact in the future by simply changing the self-imposed limit of allowing only eight locations.

#### Summary of Lawful Gambling Proceeds

In an effort to provide the Council with a broader perspective on the amount of lawful gambling monies being raised, Staff has prepared the following tables depicting the proceeds (income) from 2015 and 2011 respectively.

As shown in the tables, total lawful gambling proceeds rose from \$10.3 million in 2011 to \$14.0 million in 2015, an increase of 36%. It should be noted that the majority of these proceeds are used to pay for prizes, federal state and local taxes, rent, compensation, etc. On average, only about 6% of all proceeds are retained for organizational programs.

City Staff will be available during the meeting to address any Council inquiries. An ordinance is attached in the event the Council wants to enact the requested change.

The Honorable Dan Roe, Mayor of Roseville  
and Members of the Roseville City Council  
Roseville City Hall  
2660 Civic Center Drive  
Roseville, MN 55113

Dear Mayor Roe and Members of the City Council:

We are writing to respectfully request a change to City Code Chapter 304, Section 304.02, Paragraph A. This paragraph currently reads:

*No organization licensed pursuant to Minnesota Statutes Chapter 349 may conduct lawful gambling at more than two locations within the city, except any organization that does not conduct bingo and has prior to April 1, 1992, operated lawfully at more than one location, may continue to operate at the locations licensed as of that date. (Ord. 1138, 4-25-1994) (Ord. 1412, 7-11-2011)*

We would like to request that the number of locations where an organization is allowed to conduct lawful gambling be changed to three.

As you are aware, The City of Roseville Rec department does not offer hockey as a rec sport opportunity for our youth. The Roseville Area Youth Hockey Association (RAYHA) directly benefits the City of Roseville. We are a true Roseville-based charity with the majority of our donations being spent directly in the City of Roseville.

As a result of our gambling operations RAYHA has been able to introduce many outstanding programs including the 1st Skate Program. <http://www.rosevillehockey.org/page/show/2047240-1st-skate-program> This program is specifically designed for kids & families who are unfamiliar with (or completely new to) hockey, and as we know the demographics of the City have changed dramatically in the past 5 years. In this program, RAYHA covers all the basics, and keeps the focus on FUN! The cost is only \$25 and each player is provided a set of equipment to use during the program. We have 60 kids signed up this year.

In addition, RAYHA provides an equipment loaner program to those in need of equipment and also provide scholarships where needed. In addition with the help of Matt Johnson, RAYHA started utilizing the outdoor rinks as a way of containing costs and introducing families to Roseville's great park system.

We feel this change would be a great benefit for all as it would help ensure that any money earned in Roseville would stay in our community and help the people of our community.

Sincerely,

April Borash, Gambling Manager  
Roseville Area Youth Hockey Association

| % Increase                                | 5.52%         |

As shown above, the tax levy is scheduled to increase by 5.52% in 2017. For a median-valued home that experiences a 4.8% valuation increase (citywide average), the tax impact will be \$4.22 per month or an increase of 5.9%. This excludes the impact from the City's EDA levy.

A Summary of the 2017 Tax Levy by major category is presented below

| <b>2017 Proposed Tax Levy</b> |               |               | \$ Increase       | % Increase        |

| Operations                    | \$ 13,478,720 | \$ 14,365,170 | \$ 886,450        | 6.6%              |
| Capital                       | 2,136,000     | 2,296,000     | 160,000           | 7.5%              |
| Debt                          | 3,330,000     | 3,330,000     | -                 | 0.0%              |
| Total                         | \$ 18,944,720 | \$ 19,991,170 | \$ 1,046,450      | 5.5%              |

It's worth noting that the State of Minnesota provides a number of property tax relief programs that are designed to offset local tax increases. For 2015, eligibility for homeowners was capped at household incomes of \$107,930, while renters were eligible up to an income of \$58,490. Depending on household income, residents could potentially receive a partial refund of their increased taxes. This would effectively reduce the tax impacts noted above.

### 2017 Budget

The 2017 Preliminary Budget as currently amended is \$52,035,685. The Budget for the tax-supported programs including capital replacements is \$29,342,290, an increase of \$596,800 or 2.1%.

Spending increases in the tax-supported programs is detailed below.

|                                           |               |

| Employee position changes/reorg.          | 331,385       |
| Total Budget Additions                    | \$ 1,101,690  |
| <b>Net Budget Change</b>                  | \$ 596,800    |

| <i>% Increase</i>                         | <i>2.08%</i>  |

It should be noted that the 2017 Operating Budget for the tax-supported programs continues to rely on \$375,000 in cash reserves from the General Fund.

## Memo

**Re:** Projected 2016 Cash Reserve Levels

### **Background**

In preparation for finalizing the 2017 final budget, the Council has asked to have the most recent projection of the 2016 Budget results to gain a greater understanding of the City's current financial condition and the resources available moving forward.

As noted in previous years there are a number of challenges and pitfalls associated with financial projections – even when done towards the end of the fiscal year. Millions of dollars in transactions take place in the final months including purchases that are delayed throughout the year until it becomes more certain that budget monies would be available. Expenditures in the months of November and December in particular can fluctuate significantly. In addition, we won't know what our final 2016 property tax collections will be until mid-January of 2017.

That being said, we can analyze general year-to-date revenue and expenditure trends and extrapolate that information to arrive at year-end projections. It should be noted that this approach, although generally sound, does carry a certain margin of error. The 2016 budget-to-actual results presented below is based on the most recent trend analysis for the following selected operating funds:

- ❑ General Fund
- ❑ Parks & Recreation Fund
- ❑ License Center Fund
- ❑ Communications Fund

Each of these funds are presented separately below.

General Fund

The 2016 General Fund's projected results are as follows:

| <b>General Fund</b> | 2016<br><u>Budget</u> | 2016<br><u>Projected</u> |
|---------------------|-----------------------|--------------------------|
| Revenue             | \$ 13,763,635         | \$ 15,610,960            |
| Expenditures        | 14,139,135            | 13,887,010               |
| Surplus (Deficit)   | \$ (375,500)          | \$ 1,723,951             |

As shown in the table, the General Fund is projected to realize an operating surplus of approximately \$1,723,000 as compared to an originally forecasted deficit.

The significant turnaround is the result of several large one-time occurrences. The most prominent contributor is the one-time collection of \$1.1 million in excess tax increment due to the recent closure of a tax increment district. In previous discussions, Staff has recommended that these excess TIF monies be earmarked for Building Replacement Fund and public improvements near the Snelling/Lydia/Lincoln Drive area.

A second prominent factor is the collection of \$356,000 in property tax valuation petition reversals filed last year. These monies were withheld from the City's property tax collections in 2015 pending the outcome of the petitions. Additional revenues were also collected from contractual engineering services provided to the City of Falcon Heights as well as right-of-way and erosion control permits.

Based on these results, the General Fund's 12/31/16 unrestricted cash reserve level, excluding the \$1.1 million in excess TIF is projected to be as follows:

The General Fund's 12/31/16 cash reserve level is projected to be approximately \$6.1 million which is within the targeted range. However, the 2017 Recommended Budget calls for the use of \$405,000 in cash reserves.

Parks & Recreation Fund

The 2016 Parks & Recreation Fund's projected results are as follows:

| <b>Recreation Fund</b> | 2016<br><u>Budget</u> | 2016<br><u>Projected</u> |
|------------------------|-----------------------|--------------------------|
| Revenue                | \$ 4,551,710          | \$ 4,489,389             |
| Expenditures           | 4,551,710             | 4,164,389                |
| Surplus (Deficit)      | \$ -                  | \$ 325,000               |

The Parks & Recreation Fund is projected to realize an operating surplus of \$325,000. This is primarily due to lower-than expected operating costs across most major program areas. Based on these results, the Recreation Fund's 12/31/16 unrestricted cash reserve level is projected to be as follows:

The Parks & Recreation Fund's 12/31/16 cash reserve level is projected to be approximately \$1.6 million or 9% above the targeted range.

License Center Fund

The 2016 License Center Fund's projected results are as follows:

| <b>License Center Fund</b> | 2016<br><u>Budget</u> | 2016<br><u>Projected</u> |
|----------------------------|-----------------------|--------------------------|
| Revenue                    | \$ 1,603,500          | \$ 1,761,332             |
| Expenditures               | 1,877,625             | 1,737,425                |
| Surplus (Deficit)          | \$ (274,125)          | \$ 23,907                |

The License Center is projected to realize an operating surplus of \$23,907. This results from significantly higher revenues than expected and reduced personnel, supply, and other costs. Based on these results, the License Center's 12/31/16 unrestricted cash reserve level is projected to be as follows:

The License Center Fund's 12/31/16 cash reserve level is projected to be approximately \$1.3 million which is within the targeted level needed to sustain day-to-day operations. However, a significant portion of this cash is tentatively earmarked for the financing of a new or renovated facility.

#### Communications Fund

The 2016 Communications Fund's projected results are as follows:

| <b>Communications Fund</b> | 2016          |                  |
|----------------------------|---------------|------------------|
|                            | <u>Budget</u> | <u>Projected</u> |
| Revenue                    | \$ 480,000    | \$ 441,536       |
| Expenditures               | 506,275       | 481,715          |
| Surplus (Deficit)          | \$ (26,275)   | \$ (40,179)      |

The Communications Fund is projected to realize an operating deficit of \$40,179. The deficit was greater than expected primarily due to lower cable franchise fees. Based on these results, the Communications Fund's 12/31/16 unrestricted cash reserve level is projected to be as follows:

The Communications Fund's 12/31/16 cash reserve level is projected to be approximately \$429,000 which is about 82% above the targeted range.

Item Description: Adopt the 2017 Final EDA Tax Levy

**BACKGROUND**

Under State Statutes, municipalities with an established Housing & Redevelopment Authority (HRA) or Economic Development Authority (EDA) are allowed to establish a separate property tax levy that is designated for housing and economic development purposes. The City of Roseville utilizes an EDA.

On September 12<sup>th</sup>, the City Council adopted a preliminary, not-to-exceed EDA levy of \$356,585. However, the Council must now adopt a final EDA levy to formally authorize it for 2017.

The following table summarizes the estimated tax impact on single-family residential homes, based on the EDA's recommended 2017 tax levy, tax base estimates provided by Ramsey County, and assuming a 4.8% increase in property valuation – the expected amount for a median valued home in Roseville.

| Estimated ANNUAL Tax Impact - Residential 4.8% Valuation Increase |      |       |                           |                          |  |

Item Description: Consider Adopting the 2017 Utility Rate Adjustments

**BACKGROUND**

Over the past several months, City Staff has been reviewing the City's utilities operations to determine whether customer rate adjustments are necessary for 2017. The analysis included a review of the City's water, sanitary sewer, storm drainage, and curbside recycling operations.

The information presented below includes an analysis of these operations, some historical water usage information, and a series of rate comparisons with peer communities. Each of these are presented in separate sections.

**Operational Review**

Staff's analysis of its utility operations included a review of the following:

- ❑ *Fixed* costs including personnel, supplies and maintenance, and other costs that are generally independent of the amount of water purchased or wastewater that is generated.
- ❑ *Variable* costs including the purchase of water from the City of St. Paul, water treatment costs paid to the Metropolitan Council, and recycling contractor costs paid to Eureka Recycling.
- ❑ Capital replacement costs.
- ❑ Customer counts and consumption patterns, rate structure, and rates.

Based on an analysis of these costs and customer consumption patterns, Staff is recommending a number of fee adjustments for 2017. The need for these adjustments are presented in greater detail below sections.

Based on Staff's recommendation, the estimated quarterly impact on a typical single-family home is shown in the following table.

| Utility Rate Impact: Single Family Home |             |             |                    |                   |

### Water Operations

The City's water operation provides City customers with safe potable water, as well as on-demand water pressure sufficient to meet the City's fire protection needs. The following table provides a summary of the 2016 and 2017 (proposed) Budget excluding capital:

|                                                                            | 2016          | 2017          | \$ Increase       | % Increase        |

For 2017, overall *budgeted* revenues and expenditures are expected to decline significantly after adjusting for revised customer usage estimates. The revision affects both the 'Customer Charges' (revenue) and 'Other Services & Charges' (expenses). Costs associated with assigned personnel are expected to remain steady even after accommodating a 2.75% cost-of-living adjustment.

The single largest operating cost for the water operation is the purchase of wholesale water from the St. Paul Regional Water System (SPRWS). SPRWS Officials have informed us that there will be a 4.67% increase in the cost of purchasing wholesale water in 2017. However, Roseville's current customer usage rates have a sufficient cushion to accommodate this increase.

The revised 20-Year Capital Improvement Plan (CIP) identifies added infrastructure replacement costs

in the coming years which will require a 3.0% increase in the water *base* fee.

### Sanitary Sewer Operations

The City maintains a sanitary sewer collection system to ensure the general public's health and general welfare. The following table provides a summary of the 2016 and 2017 (proposed) Budget excluding capital:

|                                                                                     | 2016          | 2017          | \$ Increase       | % Increase        |

For 2017, overall costs are expected to rise 4.0%. Costs associated with assigned personnel are expected to increase 5.1% which includes a 2.75% cost-of-living adjustment.

The single largest operating cost to the sanitary sewer operation is the wastewater treatment costs paid to the Metropolitan Council Environmental Services Division (MCES). The MCES has informed us that we can expect a 5.7% increase in wastewater treatment costs for 2017 despite having lower sewer flows. The increase is attributable to the MCES' higher infrastructure replacement costs which are shared amongst metro area customers. This will require a 19.4% increase in sewer *usage* fees for our sanitary sewer customers.

The revised 20-Year Capital Improvement Plan (CIP) identifies added infrastructure replacement costs in the coming years which will also require a 3.0% increase in the sanitary sewer *base* fee.

### Storm Drainage Operations

The City provides for the management of storm water drainage to prevent flooding and pollution control, as well as the street sweeping program. The following table provides a summary of the 2016 and 2017 (proposed) Budget excluding capital:

|                                                                                    | 2016          | 2017          | \$ Increase       | % Increase        |

For 2017, overall costs are expected to rise 11.4%. Costs associated with assigned personnel are expected to increase 1.8% which includes a 2.75% cost-of-living adjustment. The increase in 'Others Services & Charges' is due to the costs associated with updating the Stormwater Plan, which is required as part of the broader decennial update of the Comprehensive Plan.

The revised 20-Year Capital Improvement Plan (CIP) identifies added infrastructure replacement costs in the coming years which will require a 5.0% increase in the storm sewer fee.

### Recycling Operations

The recycling operation provides for the contracted curbside recycling pickup throughout the City and related administrative costs. The primary operating cost is the amounts paid to a contractor to pickup recycling materials.

The following table provides a summary of the 2016 and 2017 (proposed) Budget:

For 2017, overall costs are expected to rise 4.1% resulting from a new multi-year contract for services

95 (review pending). The increased contractor costs which include the addition of pickups in public areas,  
96 coupled with a decline in revenue sharing will require a 16.0% increase in the recycling fee charged to  
97 customers.

99 **Recommended Rates for 2016**

100 As noted above, a typical single-family home will pay \$170.75 per quarter, or \$56.92 per month under  
101 the recommended rates. The following tables provide a more detailed breakdown of the proposed rates.

## Water Usage History

The series of graphs presented below depict water customer consumption patterns over the past 8 years beginning with a depiction of the *citywide* water consumption.

As indicated in the graph, citywide consumption has generally been falling over the past eight years – a 17% reduction since 2007. With aggregate data it's difficult to conclude whether water customers are truly modifying their behavior or if the volume is decreasing for other reasons such as the loss of high-water users (manufacturing, hotels, apartments, etc.) or higher summertime rainfall totals.

As we'll discuss further below, the average monthly summertime rainfall totals have increased somewhat since 2009, however during this same period the City has seen growth in housing units, retail establishments, and other commercial uses. The bottom line is that overall consumption has declined, while the City has grown.

The next graph depicts the average *quarterly wintertime* usage for single-family homes. Because it excludes summer lawn & garden irrigation months, the graph is indicative what single-family homes use for ‘normal’ household usage such as laundry, showering/bathing, etc.

As shown in the graph, the average overall usage for single-family homes in the wintertime has remained relatively stable since 2007 with a variance of only about 2,000 gallons from year to year.

On the surface, the data suggests that customer behavior and consumption patterns were not influenced by changes in the water usage fees in either direction. This may have occurred because the financial incentive or penalty to modify a household’s behavior was simply not large enough. Then again, it could mean that most households simply held to an established standard of cleanliness, while remaining mindful of societal norms associated with water conservation.

This seems to be evidenced when the water usage fee dropped from \$2.35 per thousand gallons in 2008 to \$1.85 in 2009 as part of an overall rate structure change. This effectively lowered the cost of consumption by 20%. Despite these favorable circumstances, household usage remained unchanged.

Finally, we can look at the average quarterly *summertime* usage for single-family homes to gauge whether water usage behaviors are influenced by seasonal factors such as lawn & garden irrigation. In this instance, we need to also track local rainfall totals because it can influence how much water households use for outdoor purposes.

As the graph indicates, over the past eight years the average overall usage + captured volume of water for single-family homes in the summertime ranged from 31,000 gallons per quarter to 39,000.

What is clearly evidenced by the data, summertime consumption patterns are directly influenced by rainfall amounts. Clearly, customers reduced their summertime consumption during heavier rainfall periods. Changes in water usage fees didn't seem to be a factor on how much water was used. Once again, it appears that customers are making a conscious decision to maintain an established standard – in this case a healthy lawn and garden while remaining mindful of the tenets of water conservation. The bottom line is that single-family *summertime* water consumption has dropped by 29% since 2009.

### Rate Comparisons

The graphs below depict a number of water and sewer rate comparisons with other peer communities. For this analysis, peer communities include 1st ring suburbs that serve a population between 18,000 and 50,000, and which are not simply an extension of a larger entity's system (e.g. Maplewood is excluded because they're part of St. Paul's system). This group was selected to try and approximate cities with stand-alone systems with similar age of infrastructure which can have a significant influence on the cost of water and sewer services.

It should be noted that broad comparisons only give a cursory look at how one community's rates compares to another. One must also incorporate each City's individual philosophy in funding programs and services.

For example, Roseville does NOT utilize assessments to pay for water or sewer infrastructure replacements like many other cities do. Instead we fund infrastructure replacements 100% through the rates. As a result, Roseville's water and sewer rates are inherently higher when compared to a City that uses assessments to pay for improvements. Other influences on the rates include whether or not a community softens its water before sending it on to customers, and the extent in which communities charge higher rates to non-residential customers.

The following chart depicts the peer group comparison for combined *water* base rate and usage rate for

a single-family home that uses 15,000 gallons per quarter.

As is shown in the graph, Roseville's total water charge (base + usage) is the highest in the comparison group. One of the primary reasons why Roseville's water rates are higher is due to the significant increase in infrastructure replacements in recent years, which unlike many other cities, are funded solely by the rates.

The following chart depicts the peer group comparison for combined *sewer* base rate and usage rate for a single-family home that uses 13,000 gallons per quarter.

In this comparison, Roseville sewer charges were less than the median.

To get a broader perspective, the following chart has been prepared depicting the combined *water and sewer* impact for a typical single-family home for the comparison group.

When combined, Roseville is approximately 14% above the average for the peer group.

It should be noted that most of the cities shown in the chart that have lower water & sewer rates, happen to have much higher property tax rates. This is an important distinction because again, each City employs a different philosophy in how it funds the direct and indirect costs of providing water & sewer services.

Roseville's philosophy is to ensure that all indirect costs are reflected in the water and sewer rates. This results in higher water and sewer rates. This also means that we don't have as many indirect costs being supported by the property tax or assessments. We can adjust for these differences by combining property taxes and water & sewer fees for a typical single-family home.

213

214 As is shown in this graph, when looking at more comprehensive comparison that factors in a broader  
215 spectrum of needs and funding philosophies, Roseville has one of the lowest financial impacts on  
216 residents of the comparison group – approximately 12% below the peer average.

## **ATTACHMENT A WORK PLAN**

### **INTRODUCTION**

The U.S. Department of Agriculture (USDA) is authorized to protect property, human health and safety, agriculture and natural resources from damage caused by wildlife. The primary authority for Wildlife Services (WS) is the Act of March 2, 1931 (46 Stat. 1468; 7 U.S.C.426-426b) as amended, and the Act of December 22, 1987 (101Stat. 1329-331, 7 U.S.C. 426c). Wildlife Services activities are conducted in cooperation with other Federal, State and local agencies, private organizations, and individuals.

The APHIS WS program uses an Integrated Wildlife Damage Management (IWDM) approach (sometimes referred to as IPM or “Integrated Pest Management”) in which a series of methods may be used or recommended to reduce wildlife damage. IWDM is described in Chapter 1, 1-7 of the Animal Damage Control Program Final Environmental Impact Statement (USDA, 1994). These methods include the alteration of cultural practices as well as habitat and behavioral modification to prevent damage. However, controlling wildlife damage may require that the offending animal(s) are killed or that the populations of the offending species be reduced.

### **PURPOSE**

The City of Roseville, MN has requested assistance from Wildlife Services in managing nuisance and damaging wildlife species within the City of Roseville.

### **PLANNED WILDLIFE SERVICES ACTIVITIES**

WS personnel will remove deer from City-designated control areas and on private property where written permission has been obtained using suppressed firearms equipped with night vision or thermal imaging scopes. Spotlights may also be used while conducting control activities. Safe shooting zones and safe back-drops will be established for all control areas. WS will prioritize public safety during all control operations and utilize a minimum of 2 WS personnel when conducting deer control work. Most deer control activities will be conducted at dusk/night. All control activities will be coordinated with the Parks and Recreation Director Lonnie Brokke, or a designee(s). WS personnel will advise local law enforcement and the appropriate local Minnesota Department of Natural Resources Conservation officer when firearm related wildlife control work is being conducted.

Under this agreement, WS will provide up to 8 scouting/bait site maintenance visits and up to 4 visits to conduct white-tailed deer control activities. The number of site visits provided may be altered to ensure that funding expenditures do not exceed the amount established in the Financial Plan (Attachment B) of this document.

WS will use generally accepted wildlife damage management tools, equipment and techniques to conduct all removal activities under this agreement.

### **EFFECTIVE DATES**

This cooperative agreement shall become effective on December 6, 2016 and shall expire on September 30, 2017.

Item Description: Pet Store Regulation Discussion

**BACKGROUND**

As a result of recent media coverage regarding the condition of animals being sold at the Har Mar Pet Store, the City Council held a discussion on September 19, 2016 (Attachment A) to consider ways to regulate the sale of animals in Roseville. The City Council heard testimony from Christine Coughlin of the Minnesota Chapter of the Humane Society of America as well as Gary Papineau, owner of the Har Mar Pet Shop and two other pet store owners regarding the sales of cats and dogs. Ms. Coughlin suggested that the City Council consider an ordinance that would prohibit the sale of dogs and cats by a pet store but would allow for a collaboration between a pet store and animal shelter or rescue organization to showcase adoptable dogs and cats. The Humane Society of America has drafted a potential ordinance for consideration. (Attachment B). Ms. Coughlin has also provided a letter from The Humane Society of America, Animal Folks Minnesota, and the Animal Humane Society urging the City Council to consider passing the ordinance. (Attachment C)

Staff has made Mr. Papineau aware that this matter will be discussed by the City Council.

As a way of background, staff has provided the September 19, 2016 RCA and attachments for the City Council to review. (Attachment D).

**POLICY OBJECTIVE**

To determine whether pet stores should be regulated and/or licensed in the City of Roseville.

**FINANCIAL IMPACTS**

City costs cannot be determined at this time. Adopting an ordinance will require staff time to ensure compliance with the ordinance.

**STAFF RECOMMENDATION**

Staff suggests that the City Council review the information and discusses next steps that the City should take, including considering an ordinance regarding the sale of dogs and cats by pet stores.

24 **REQUESTED COUNCIL ACTION**

25 Provide direction on whether to bring forward an ordinance regarding the sale of dogs and cats by pet

**Page 4**

**b. Pet Store Regulation and Licensing Discussion**

As detailed in the RCA, City Manager Trudgeon referenced a recent newspaper article regarding the condition of animals being sold at the Har Mar Pet Store (Attachment A), and considerable community discussion and concern following the article. Mr. Trudgeon advised the intent of tonight's discussion was to provide direction to staff as the City Council considered potential regulation or licensing of pet stores, not currently done.

Mr. Trudgeon noted there were currently four pet stores located in Roseville: PetSmart, PETCO, Chuck and Don's, and Har Mar Pet Store, all having been notified of tonight's discussion. As noted in the RCA, City Manager Trudgeon, in researching other communities, advised that the City of St. Paul was found to license pet stores and provided some level of inspection, but he had not spoken personally their staff as to the logistics of their efforts.

Mr. Trudgeon introduced, and Mayor Roe welcomed representatives of the Minnesota Chapter of the Human Society of America (HSA), having previously met with City Manager Trudgeon to provide information about the operation of pet stores and sharing their thoughts on a possible pet store ordinance for Roseville, including a sample ordinance recently adopted by Eastpointe, Michigan (Attachment B).

**Christine Coughlin, Minnesota Chapter HSA**

Ms. Coughlin noted this had come to their attention, as it had the city's, specifically after the article and resulting community discontent. Ms. Coughlin encouraged the City Council to consider a systemic and long-term solution rather than a band aid solution as it considered the issue and possible ordinance, as well as it being minimally burdensome for the city and its staff.

Ms. Coughlin recommended a dual effort, providing a systemic approach, but not over-structuring regulations. Ms. Coughlin reviewed realistic and public or media perceived review of animals arriving I pet stores, their conditions, and their possible further health deterioration depending on where they originated from before arriving at the store.

Ms. Coughlin stated the HSA's gravest concern was sourcing of the animals arriving at pet stores. Ms. Coughlin reviewed some of those sources, some responsible animal breeders and other defined as "puppy mills" where commercial mass production breeding is done with the focus on profits versus animal welfare. Ms. Coughlin advised the HSA had documentation available through undercover investigation and research. Ms. Coughlin noted of approximately two million animals produced annually and directly funneled to pet stores, 95% of breed clubs adopted a position where they discouraged or didn't allow their members to sell to pet stores due to the puppy mills issues.

**Regular City Council Meeting**  
**Monday, September 19, 2016**  
**Page 5**

Ms. Coughlin reviewed that regulatory oversight of certified pet stores and inspections by the United States Department of Agriculture (USDA). However, Ms. Coughlin advised that USDA standards were of a legal nature, and are not complied with in a majority of those facilities.

Ms. Coughlin stated the solution recommended by the HAS was growing in popularity around the country, with approximately 176 jurisdictions having adopted it and no longer allowing for commercial bred dogs and cats. Ms. Coughlin recommended that the City of Roseville adopt a similar ordinance, encouraging them to partner with shelters and rescue shelters to co-host adoption events or provide space for those events. Of the four pet stores in Roseville, Ms. Coughlin advised that three of them were already providing this option, and of the larger 24 pet stores in Minnesota, only one remains not doing it, even though it was commercially feasible.

Ms. Coughlin referenced numerous success stories, offering to provide that information to the city at their request; offering the services of the HAS to work with the pet store to make this humane transition, and not requiring a commitment to change their business model. Ms. Coughlin advised that the HAS would provide infrastructure and promotion assistance for this transition.

Mayor Roe noted the article referencing a “USDA Animal Inspector Report,” and asked how an inspector would end up at a pet store facility to perform an inspection; whether complaint-driven or if periodically done for pet stores by the USDA.

Ms. Coughlin noted she had questioned the article in that regard as well, noting pet stores are not typically regulated by the USDA, including this particular Har Mar store. However, Ms. Coughlin noted this store has a Class B license, a class under the Animal Welfare Act for brokers and dealers selling some exotic animals, and thus subject to site inspections.

For clarification and at the request of Mayor Roe, Ms. Coughlin stated that the USDA inspector inspected the facility not individual animals.

Mayor Roe referenced the model ordinance, noting certificates of USDA inspection and veterinary records, and in noting multiple violations with breeders from Iowa, he asked how and if those records were readily available or how they could be accessed by the general public or if a formal public information request was required for that access.

Ms. Coughlin responded that the USDA records were readily available via online search, but the CDI’s Board of Animal Health at the State level held records as well until legislation for data privacy law restrictions in 2014 making those CDI’s no longer available to the public.

**Regular City Council Meeting**  
**Monday, September 19, 2016**  
**Page 6**

Ms. Coughlin advised that the HSA has a spreadsheet available listing 2015 facilities supplying puppies to that particular pet store in Iowa referenced, and offered to provide that information to the City Council at their request.

Councilmember McGehee asked if the HSA had available any model ordinance language for amphibians as well.

Ms. Coughlin clarified that the model ordinance they were recommending to the City would deal only with puppies, dogs and kittens, as did the Eastpointe, Michigan model, even though the City Council could expand it at their discretion. Ms. Coughlin advised that the HSA's rationale in limiting the ordinance to dogs and cats, was based on their research and investigations providing a link and strong grounds for court challenges to-date.

Councilmember McGehee asked if there was similar activity regulating the activity for importation of exotic species of birds and addressing their breeding.

Ms. Coughlin advised that she could provide additional information on that if so desired; however, she noted that this was not her area of expertise, even though their import and longevity was also of grave concern to the HSA.

**Public Comment**

**Kristin Smith, Pet Store Owner in Blaine, MN**

Ms. Smith advised that Har Mar Pet Store was her biggest competitor; and stated her reason for speaking tonight was that any decision made by the Roseville City Council could not only affect its community facilities, but also the three other stores in the State of MN that were selling puppies, hers included.

Ms. Smith provided her perception of the situation at the Har Mar Pet Store, addressing various ailments observed by the USDA inspector addressed in the news article. Ms. Smith noted these were typical ailments and could result even if and when dogs – or other similar animals – were being well-cared for. Ms. Smith noted that when a USDA inspector comes in, they did a snapshot inspection on that particular day, and was always an unannounced visit

**Vanessa Rojas, St. Paul Petland Store Owner**

Ms. Rojas noted some ailments could also be a result of stress for the pet.

Ms. Smith and Ms. Rojas provided their perspective on pet store operations and situations, and answered questions of the City Council as applicable.

At the request of Councilmember Willmus, Ms. Smith advised that not all USDA inspectors were veterinarians.

**Regular City Council Meeting**

Ms. Rojas stated she welcomed access and transparency in her store, and reviewed her history from being in opposition to Petland to now owning the store, which had encouraged her to work to provide a bridge for both sides in working cooperatively whether as an animal rights activist or as a breeder. Ms. Rojas noted this had resulted in her business growing over the last two years from 7 employees to 34.

Ms. Smith agreed, noting that all pet stores were unique and personalities of their owners also unique, but all facing the same daily challenges. Ms. Smith cautioned that, while not familiar with Mr. Papineau of Har Mar Pet Store, the decisions made by the Roseville City Council were far reaching for these small business owners, their employees, customers and their very livelihoods. Ms. Smith opined that the USDA standards were very minimal and every breeder should be able to comply with them and ensure customers that animals are being well cared for.

Ms. Rojas noted that it was a full-time job caring for animals in this environment, and while the USDA wasn't perfect, opined that the alternative with no checks and balances in place was not a good solution either.

Ms. Smith and Ms. Rojas provided further comments on the longevity of pet stores; impact of internet trade for national and international sales of pets; improvements to the breeding and inspection process; and changes in the industry to address breeding practices for physical and mental health of animals. Further comment included defining the actual goal of the model ordinance, differences in pet stores and rescue organizations and assurances to purchases of an animal's breeding depending on their source; and many variables of pets based on their personalities, temperaments and breeding.

With the number of pet stores in the United States still selling puppies identified as fewer than 1,000, Ms. Rojas advised that there were 4,000 pet rescue organizations. Ms. Rojas noted this was the only business of which she was aware that provided you could operate a legal business within the letter of the law, yet still you're your ethics questioned if someone found fault with your business. Ms. Rojas suggested everyone work together – the USDA and pet store owners – to update the current Animal Welfare Act.

Ms. Smith and Ms. Rojas addressed additional comments related to other cities having initially passed an ordinance similar to the model provided, and subsequently rejecting them (e.g. Phoenix, AZ); USDA inspections related to "puppy mills;" unlicensed or unregulated breeders as an alternative to USDA self-reporting; and relations of pet store owners and level of trust with their pet breeders.

**Regular City Council Meeting**  
**Monday, September 19, 2016**  
**Page 8**

Mayor Roe thanked Ms. Smith and Ms. Rojas for the considerable information they provided.

Councilmember McGehee asked additional questions related to breeding requirements for pet store facilities and their licensing; with Ms. Smith and Ms. Rojas clarifying it was more important to consider animal care based on the number of available staff versus the number of breeding pets.

Ms. Smith provided several handouts for future reference.

**Gary Papineau, Owner of Har Mar Pet Shop**

Mr. Papineau stated his pride in Har Mar Pet Shop, having worked there starting at age 19, and owned the facility for twenty-seven years. Ms. Papineau advised that he had carried a USDA license for approximately 12 – 15 years; and reviewed past violations that he considered insignificant (e.g. expired medications missed).

Mr. Papineau reviewed the news article and violations cited in the article by this new USDA inspector, not only new to the job but also not a veterinarian. Ms. Papineau suggested if this inspector had used common sense, the majority of the violations would not have occurred. Mr. Papineau noted that, when pets arrive on site, it was often a “wait and see” situation to observe the pets and their health situations as to what if any treatment was required.

Mr. Papineau noted the English bulldog with cherry eye was his personal pet that he used for breeding, and advised this was a recurring health issue, but was certainly not contagious and frequently happened when a pet was neutered or spayed. Immediately after the inspection, Mr. Papineau advised he had taken his pet to the veterinarian, as he had done in the past for this condition, with the veterinarian advising that the situation could be taken care of now or delayed until the other eye was addressed.

Specific to rodents cited as having eye problems, Mr. Papineau advised that the particular hamster was blind, but still active, and such animals were often of interest to children seeking such a pet, and noted he frequently “gifted” such pets to those children. Mr. Papineau stated this pet wasn’t in need of medical assistance that would be evident with a loss of hair, losing weight or other medical concerns, and therefore not in distress.

Mr. Papineau advised that, if a dog has a “kennel cough,” which was a highly contagious issue, the animal would be isolated until it burned itself out, similar to a cold.

Specific to the deceased baby hedgehog, having died two weeks prior that was still inside with an adult hedgehog, Mr. Papineau advised that the mother had

**Monday, September 19, 2016**  
**Page 9**

abandoned her litter causing their demise, and while he had cleaned out the kennels, this baby hedgehog, about the size of a nickel, had been unfortunately missed by him.

Mr. Papineau stated that he inspected all kennels from whom he purchased, and had found no health concerns to-date. Mr. Papineau noted it was not unusual for him to take animals from his store to the veterinarian 4-5 times per day; and noted that his store was staffed by 3 full-time and 7 part-time employees. Mr. Papineau opined that as a taxpayer of various taxing agencies, his business also provided a benefit to the city, as well as bringing customers from around the metropolitan area, not just Roseville.

While the other three stores mentioned performed pet rescues, Mr. Papineau opined everyone should choose their option, further opining that the industry market would weed out those pet stores not performing well. Mr. Papineau stated he loved the animals at his store, and asked that the City Council not single out a pet shop, but adopt any legislation or ordinance equally, and also address rescue pets as well. Mr. Papineau stated he was not opposed to inspection of his business, but asked that he not be required to change his business model.

**Council Positions / Direction to Staff**

Councilmember Willmus stated he remained interested in looking at some controls and noted the interesting perspective provided by Owen Bachhuber. While needing to look at this situation more closely, Councilmember Willmus expressed interest in continuing the conversation; stating his personal preference to move away from the sale of kittens and puppies in pet shops and consider a nationwide model for pet adoption.

Councilmember Laliberte noted the considerable amount of information provided tonight that will be helpful going forward in assessing the issue. Councilmember Laliberte stated she was also looking at more controls, from various perspectives, including whether the city considered the USDA criteria was adequate or met objectives, or if state regulations were sufficient. Councilmember Laliberte noted the city was not set up to provide pet store inspections, causing her to struggle going down that road. Councilmember Laliberte spoke in support of the adoption model at this point.

Councilmember McGehee stated she came in to tonight's meeting strongly leaning in the direction of the adoption model, but noted the education she'd received about USDA rules and pet housing environments. Councilmember McGehee stated she understood being a breeder of exotic animals was an improvement over purchasing pets on the Internet or having them poached and brought in illegally, but agreed it was a complicated decision. Having heard Mr. Papineau's testimony on some of the perceived violations, Councilmember McGehee stated she'd like more time to consider this issue. Councilmember McGehee agreed with her col-

**Regular City Council Meeting**

**Page 10**

leagues that the city didn't have the expertise to become pet store inspectors, and stated she wasn't interested in going that route. However, Councilmember McGehee stated she was unsure how to proceed at this point and based on the information just provided.

Mayor Roe noted Councilmember Etten may wish to weigh in on this issue at future discussions as well.

At the request of Mayor Roe, Ms. Smith, Ms. Rojas, and Mr. Papineau responded to the procedure for animals at stores 24/7 and their care overnight; with mall security monitoring the pets overnight and alerting pet store owners of any observed issues and that pet then typically taken home with the store owner for closer observation overnight.

From his layperson background research, Mayor Roe reviewed his interpretation of the USDA review of breeders with three or more female dogs and licensing for stores selling certain exotic species and regulation of sales not person to person or pet store transactions, or on the Internet.

Ms. Rojas advised that her store was inspected by St. Paul Animal Control and American Kennel Club (AKC) to retain her certification with them. Ms. Rojas stated her store was an open book, and reiterated her invitation for Councilmembers to personally tour her facility.

At the request of Mayor Roe, Ms. Rojas provided a review of the AKC Certification inspection process.

Ms. Smith noted unofficial "inspections" were also continual in her case by consumers, mall staff, and others observing her operation and facility.

While recognizing the passion for their work of Ms. Smith and Ms. Rojas and her respect for the pride they had for their small businesses, Councilmember Laliberte opined that the city couldn't fully consider how their action may impact another city. Specifically, with the referenced inspection at Har Mar Pet Store and resulting community rage, as well as someone frequenting Har Mar Mall observing the facility and as a resident in that vicinity, Councilmember Laliberte advised that she had heard concerns for many years about that operation. Councilmember Laliberte stated her concern was what the City of Roseville expected from its businesses and the animals within the city.

As direction to staff, and without objection, Mayor Roe noted council members wanted to give more thought to the information received to-date, seek additional research; and suggested staff may consider this as a topic for public comment on Speak Up! Roseville, as well as other communication sources with the goal of receiving feedback.

## Roseville Pet Store Ordinance

**The problem:** An alarming situation exists in the city of Roseville pertaining to a pet store:

- An April 21, 2016 inspection report conducted by the United States Department of Agriculture (USDA) of the Har Mar Pet Shop revealed various animals inside the pet store suffering from a variety of distressing conditions as a result of inadequate care.
- For years, complaints have been filed by citizens against the Har Mar Pet Shop in regard to conditions for animals and law enforcement and humane agents have made repeated visits to the store.
- The Har Mar Pet Shop has purchased puppies from various dog breeders and brokers that have been cited for violations of the Animal Welfare Act including lack of veterinary care, lack of cleaning, sanitization, pest control, housekeeping, and broken, hazardous enclosures.

***The above actions are out of step with Roseville community values.***

**What is needed:** Enact a pet store ordinance in the city of Roseville that prohibits pet stores from selling dogs and cats acquired from mass breeding facilities while allowing the stores to host adoption events with animal shelters and rescues.

**How it works:** This ordinance is not designed to put pet stores out of business. Instead it provides them with the opportunity to transition to a humane business model consistent with Roseville community values. The model does not impose a costly burden on the city and is business-friendly, allowing pet stores to sell quality products and services and host pet adoption events at their store in conjunction with area shelters and rescues. These adoption events not only help decrease pet overpopulation and homelessness, they also encourage those who adopt to purchase the products and services they need from the pet store.

**Why it is needed:** Passing the pet store ordinance is a preventative measure that will:

- protect animals from neglect and cruelty — in pet stores and in mass breeding facilities where dogs and cats are acquired;
- protect consumers from economic and emotional harm when a sickly animal is purchased or when they unknowingly support a cruel industry;
- encourage the public to adopt homeless animals or seek out reputable breeders who take excellent care of their dogs and cats;
- lessen the burden on law enforcement and other authorities who must repeatedly respond to cruelty complaints and noncompliant conditions; and
- uphold the values of Roseville residents and promote Roseville as a humane community.

## BACKGROUND AND CONTEXT

Multiple cities throughout the nation have recognized the need to address the problem of selling dogs and cats through pet stores that have been obtained from puppy and kitten mills. Pet shop ordinances have been passed in over 180 localities across the U.S., including Los Angeles, Chicago, and Boston.

Puppy and kitten mills: Puppy and kitten mills are inhumane commercial breeding facilities that disregard the health and well-being of the animals to maintain a low overhead and increase profits. The focus of such facilities is the mass production of animals for re-sale to pet stores. Pet stores buy from both licensed and unlicensed pet breeders and brokers. Federal licensing does not ensure healthy and safe conditions for the animals. USDA requirements are known as “survival standards,” allowing dogs to be kept in cramped, stacked, wire cages for their entire lives, often in extreme temperatures, denied basic veterinary care, and bred continuously.

Mass breeding-pet store link: There is a well-documented and indisputable link between puppy and kitten mills (mass breeding facilities) and pet stores. Puppy and kitten mills thrive on pet store sales because pet stores, as the distribution outlet, allow cruelty to remain hidden from the public. Investigations consistently reveal that pet stores mislead consumers by claiming they obtain puppies from small-scale humane breeders. In reality that option does not exist, because **responsible breeders do not sell to pet stores**. A review of the Codes of Ethics for the National Breed Clubs representing all 178 dog breeds recognized by the American Kennel Club found that 96% of those National Clubs include statements that their breeders should not and/or do not sell to pet stores.

Sick and behaviorally challenged puppies: Not only are pet store consumers *unknowingly* supporting puppy and kitten mills, they often end up dealing with the financial and emotional burden of having a sick or difficult pet. Pet store puppies are often sick because they are born into deplorable conditions, taken from their mothers very early, exposed to a wide range of diseases, and are susceptible to genetic disorders. In addition, a study from the Journal of Veterinary Medicine concluded that puppies should not be obtained from pet stores because dogs are more likely to exhibit many undesirable behavioral characteristics, including aggression and biting.

Humane model: An alternative humane model has been adopted by numerous pet stores in Minnesota and throughout the nation, where, instead of acquiring and selling dogs and cats obtained from puppy and kitten mills, the pet store hosts adoption events by working with local animal rescues and shelters. These events help decrease pet overpopulation and homelessness, and encourage those who adopt to use the products and services offered at the store. Pet stores that convert to such a model have proven success as well as a better reputation in the community. For instance, PetSmart and Petco both host dog and cat adoption events at their store and they are the two most successful pet store chains in the country. There is a great community of shelters, rescues, and truly responsible breeders in the Twin Cities, providing numerous options for a consumer to obtain the dog or cat of his or her choice.

**CITY OF ROSEVILLE**  
**COUNTY OF RAMSEY, MINNESOTA**  
**ORDINANCE NO. \_\_\_\_\_**

**AN ORDINANCE AMENDING TITLE 5 OF THE CITY CODE**

**The City of Roseville ordains:**

**SECTION 1. Background:**

WHEREAS, a significant number of puppies and kittens sold at pet stores come from large-scale, commercial breeding facilities where the health and welfare of the animals are not adequately provided for; and

WHEREAS, the documented abuses endemic to mass breeding facilities include over-breeding; inbreeding; minimal to non-existent veterinary care; lack of adequate and nutritious food, water and shelter; lack of socialization; lack of adequate space; lack of adequate exercise; no or limited screening of genetic diseases; inadequate transportation and shipping protocols of puppies and kittens; and indiscriminate disposal of breeding dogs and cats who have reached the end of their profitable breeding cycle; and

WHEREAS, the inhumane conditions in mass breeding facilities lead to health and behavioral issues in the animals bred in those facilities, which many consumers are unaware of when purchasing animals from pet stores due to both a lack of education on the issue and misleading tactics of pet stores in some cases. These health and behavioral issues, which may not present themselves until some time after the purchase of the animals, can impose exorbitant financial and emotional costs on consumers; and

WHEREAS, current Federal and State regulations do not properly address the sale of dogs and cats in pet stores; and

WHEREAS, due in large part to pet overpopulation, numerous dogs and cats are euthanized. Restricting the retail sale of puppies and kittens is likely to increase demand from animal shelters and rescue organizations, which will likely reduce the burden on such agencies and reduce financial costs on local taxpayers; and

WHEREAS, across the country, thousands of independent pet stores as well as large chains operate profitably with a business model focused on the sale of pet services and supplies and not on the sale of commercially bred dogs or cats. Many of these stores collaborate with local animal shelters and rescue organizations to offer space and support for showcasing adoptable homeless pets on their premises; and

WHEREAS, this Ordinance will not affect consumers' ability to obtain a dog or cat of their choice directly from an animal shelter, or breed-specific rescue organization, or from a breeder where the consumer can see directly the conditions in which the dogs or cats are bred or can confer directly with the breeder concerning those conditions; and

WHEREAS, the City Council for the City of Roseville believes it is in the best interests of the City of Roseville to adopt reasonable regulations to reduce costs to the City and its residents, protect the citizens of the City who may purchase dogs or cats from a pet store or other business establishment, help prevent inhumane breeding conditions, promote community awareness of animal welfare, and foster a more humane environment in the City.

Roseville City Council Members

City Hall, 2660 Civic Center Drive

Roseville, MN 55113

To members of the Roseville City Council,

Thank you for your interest in examining the issue of pet stores and animal welfare in Roseville. Like many community members, our organizations and our members have long-standing concerns. We appreciate the opportunity to share our recommendations for an ordinance that addresses the systemic nature of the problem, and that also benefits business, protects animals, and is minimally burdensome for the city.

You are likely aware of an April 21, 2016, inspection report conducted by the United States Department of Agriculture of the Har Mar Pet Shop that revealed various animals inside the pet store suffering from a variety of distressing conditions as a result of inadequate care. For years, complaints have been filed by citizens against the Har Mar Pet Shop in regard to conditions for animals, and law enforcement and humane agents have made repeated visits to the store. Additionally, The Har Mar Pet Shop has purchased puppies from various dog breeders and brokers that have been cited for violations of the Animal Welfare Act including lack of veterinary care, lack of cleaning, sanitization, pest control, housekeeping, and broken, hazardous enclosures.

In light of this, we are supporting a pet store ordinance drafted specifically for the City of Roseville that prohibits pet stores from selling dogs and cats acquired from commercial breeding facilities while allowing the stores to host adoption events with animal shelters and rescues. Similar pet shop ordinances have been passed in 205 localities across the U.S., including Los Angeles, Chicago, and Boston, and we encourage you to adopt this ordinance.

This ordinance provides pet stores with the opportunity to transition to a humane business model consistent with Roseville community values. The model does not impose a costly burden to the city and is business-friendly, allowing pet stores to sell quality products and services and host pet adoption events at their store in conjunction with area shelters and rescues. These adoption events not only help decrease pet overpopulation and homelessness, they also encourage those who adopt to purchase the products and services they need from the pet store.

We hope you will consider passage of this ordinance in Roseville, and are available to answer questions and gather any more information that might be helpful. Please consider us a resource.

Thank you for your time and we look forward to being in touch.

Sincerely,

**ROSEVILLE**  
**REQUEST FOR COUNCIL ACTION**

Date: September 19, 2016

Item No.: 15.b

Department Approval

City Manager Approval

---

Item Description: Pet Store Regulation and Licensing Discussion

---

---

**BACKGROUND**

Due to recent newspaper article regarding the condition of animals being sold at the Har Mar Pet Store (Attachment A), there has been interest in looking at ways the City can better regulate the sale of animals. There are currently four pet stores located in Roseville, PetSmart, PETCO, Chuck and Don's, and Har Mar Pet Store. The City does not currently regulate or license pet stores.

While federal regulations do regulate breeders, it specifically exempts brick and mortar retail pet stores from regulation. The State of Minnesota does not require the licensing of pet stores. There are a couple of existing laws that do impact the operation of pet stores in Minnesota. One is consumer protection laws covering the purchases of animals in pet stores and the process of returning them for a refund. Another one is animal cruelty laws that apply to everyone, including pet stores.

Based on the newspaper article regarding the Har Mar Pet Store, a representative of Minnesota Chapter of the Humane Society of America (HAS) met with the City Manager to provide information about the operation of pet stores and shared their thought on a possible pet store ordinance for Roseville, including an ordinance adopted by Eastpointe, Michigan. (Attachment B). The basic premise of HSA's ordinance is to prohibit the sale of animals unless the animals is sold on the property where the animal was bred and reared, or from a public or private animal shelter. Under the proposed ordinance, pet store may sell animals that come from an animal shelter or humane society. The Eastpointe ordinance allowed for the existing pet stores to continue the sale of animals for a short time before they had to comply with the new ordinance. A representative of the Humane Society of America will be in attendance at the meeting to share additional information and answer questions that the City Council may have.

The City of St. Paul does require pet shop licenses. A pet shop is defined as a business kept or maintained for the care, exhibition for sale, sale, or purchase of live dogs, cats, rabbits, other small animals, any birds, reptiles, or fish. It does not include veterinary hospitals, or persons or places selling only frogs, fish, worms, or reptiles for use as live bait for fishing. This license includes pet grooming. St. Paul's pet shop license must be reviewed annually and requires inspections from the Fire

27 Department, Environmental Health, and Zoning. The annual license fee is \$183.00. Included as  
28 Attachment C is St. Paul's Pet Shop License ordinance.

29 **POLICY OBJECTIVE**

30 To determine whether pet stores should be regulated and/or licensed in the City of Roseville.

31 **FINANCIAL IMPACTS**

32 Cannot be determined at this time. City costs will depend on the action taken.

33 **STAFF RECOMMENDATION**

34 Staff suggests that the City Council reviews the information and discusses next steps that the City  
35 should take regarding the regulation and licensing of pet stores

36 **REQUESTED COUNCIL ACTION**

37 Provide direction on the regulation and licensing of pet stores in Roseville.

## Sick dogs, hamsters missing eyes, and a decomposing hedgehog at Har Mar Pet

**News**

This cage shared by a handful of kittens is probably the most spacious accommodations at Har Mar Pet Store.

Puppy-dog eyes and customer-service smiles prettify

Har Mar Pet Store

(<http://harmarpets.com/>)

in Roseville on a weekday June evening. Among the dozens of furry residents for sale currently are \$249 kittens, \$60 rabbits, and \$1,400 Pomeranian pups.

The store belongs to Gerald Papineau.

But Papineau's high prices couldn't hide what a USDA official came upon recently. The Roseville animal retailer was a little pet shop of horrors about six weeks ago, according to

federal inspection

(<https://acissearch.aphis.usda.gov/LPASearch/faces/CustomSearch.jspx>)

paperwork.

On April 21 USDA Animal Care Inspector Kevin Wilken discovered various creatures inside the pet store suffering from a variety of distressing maladies. A reddish sore bulged from the eye of "Poppy," a four-month-old English bulldog. Staff knew about the dog's condition, Wilken wrote, "but had not contacted" the veterinarian.

Three dwarf hamsters fared worse. Two of the animals had an eye missing while "the third was missing both eyes," according to the report.

"None of them looked like they had been injured recently," noted Wilken, who added that the store had again failed to contact a vet.

Other creatures in rough shape were a gerbil "with what appeared to be a bloody discharge surrounding the eye" and a Bichon pup with a suspected respiratory condition.

In yet another enclosure, Wilken found "a deceased baby hedgehog" that had died two weeks prior still inside "with an adult hedgehog."

"It was apparent," the report reads, "that the deceased baby hedgehog had been sitting there for some time as the body had deteriorated and it was difficult to recognize it as a baby hedgehog."

Wilken and Dr. Debra Sime revisited the store in early May. Their one-page report noted "all previous" vet care issues had been "corrected."

Repeated messages left for Papineau at his store went unreturned.

## Roseville Pet Store Ordinance

Roseville's PETCO, PetSmart, and Chuck and Don's are very successful pet stores that work with local rescue groups, hosting adoption events instead of purchasing and selling puppies from puppy mills. Har Mar Pet Shop is the only Roseville store selling commercially-bred puppies and kittens.

Recent media coverage (June 7, 2016, City Pages: *Sick dogs, hamsters missing eyes, and a decomposing hedgehog at Har Mar Pet*) reveals disturbing details:

- On April 21, USDA Animal Care Inspector Kevin Wilken discovered various animals inside the pet store suffering from a variety of distressing maladies. A red, sore, bulge from the eye of "Poppy," a four-month-old English bulldog.
- Three dwarf hamsters fared worse. Two of the animals had an eye missing while "the third was missing both eyes," according to the report.
- Other animals in very bad condition were a gerbil "with what appeared to be a bloody discharge surrounding the eye" and a Bichon pup with a suspected respiratory condition.
- In yet another enclosure, Wilken found "a deceased baby hedgehog" that had died two weeks prior still inside "with an adult hedgehog."

Certificates of Veterinary Inspection (CVIs) and United States Department of Agriculture (USDA) inspection records indicate Har Mar Pet Shop has purchased puppies in 2014-2015 from breeders in Iowa that have multiple violations of the Animal Welfare Act, including: medical condition violations; violations for overdue vet site visits; primary enclosure violations; cleaning, sanitization, housekeeping and pest control violations; and no-access violations.

***Puppies from these sources are out of step with Roseville community values.***

It is impossible to know the exact source of all puppies and kittens shipped to Har Mar Pet Shop, as in-state breeders are not required to file CVIs before they ship to stores in Minnesota and also because the Board of Animal Health has recently refused to allow previously public information (CVIs) to be released, interpreting the new Commercial Dog and Cat Breeder Regulation law's data privacy clause to mean that CVIs are private, not public, data, and therefore will not be shared.

An ordinance that prohibits the sale of commercially bred dogs and cats but continues to allow pet stores to co-host adoption events with shelters and rescues is responsible and business-friendly. This ordinance will not affect a consumer's ability to obtain the dog of his or her choice. There is a great community of shelters, rescues, and truly responsible breeders in the Twin Cities Metro area.

## Roseville Pet Store Ordinance

**What:** A pet store ordinance in Roseville to prohibit the sale of dogs and cats acquired from commercial breeders. Pet shop ordinances have been passed in 166 localities across the US, including Los Angeles, Philadelphia, Chicago and Boston.

**Why:** Eliminating puppy and kitten mill puppies and kittens from our local market protects consumers and animals while encouraging the public to adopt homeless animals or seek out reputable breeders who take excellent care of their dogs and cats.

Puppy mills: A puppy mill is an inhumane commercial breeding facility that disregards the health and wellbeing of the animals to maintain a low overhead and increase profits. Pet stores source from both licensed and unlicensed pet breeders. They often claim that a United States Department of Agriculture (USDA)-licensed breeder is not a puppy mill, but this is false. USDA standards allow dogs to be kept in cramped, stacked, wire cages for their entire lives, often in extreme temperatures, denied basic veterinary care, and bred continuously. **USDA standards allow for immense cruelty.**

Puppy mills-pet store link: There is a well-documented and indisputable link between puppy mills and pet stores. Puppy mills thrive on pet store sales because pet stores allow puppy mill cruelty to remain hidden from the public. Humane Society of the United States (HSUS) investigations consistently reveal that pet stores mislead consumers by claiming they obtain puppies from small-scale humane breeders. In reality that option does not exist, because responsible breeders do not sell to pet stores. The HSUS reviewed Codes of Ethics for the National Breed Clubs recognized by the AKC and found that 96% of those National Clubs include statements that their breeders should not and/or do not sell to pet stores.

Sick and behaviorally challenged puppies: Not only are pet store consumers *unknowingly* supporting a very cruel industry, but they often end up dealing with the financial and emotional burden of having a sick or difficult pet. Pet store puppies are often sick because they are born into deplorable conditions, taken from their mothers very early, exposed to a wide range of diseases, and are susceptible to genetic disorders. In addition, a study from the Journal of Veterinary Medicine concluded that puppies should not be obtained from pet stores because dogs are more likely to exhibit many undesirable behavioral characteristics, including aggression and biting.

**How:** This ordinance is designed to require pet shops to switch to a humane model, not put them out of business. It is business-friendly, allowing pet stores to host pet adoption events at their store in conjunction with area shelters and rescues and sell quality products and services (grooming, training, vet care, boarding, etc.). Adoption events not only help decrease pet overpopulation and homelessness, they encourage those who adopt to use the products and services offered at the store. Pet stores that convert to such a model have proven success as well as a better reputation in the community. For instance, PetSmart and PetCo both host adoption events at their store and they are the two most successful pet store chains in the country. Of the top 25 retailers in the nation, only one sells puppies; the other chains sell products and offer quality services.

**REQUEST FOR COUNCIL ACTION**

Item Description:      City Facility Needs Discussion

---

**BACKGROUND**

As a result of a discussion about long-term facility options for the Roseville License Center at the November 14<sup>th</sup> City Council meeting, the City Council directed staff to bring back additional information about other city facility needs. As mentioned at the November meeting the land area and building size of the maintenance facility is smaller than is needed thus leading to inefficient operations and the need to have off-site storage for equipment and materials from the Public Works and Parks and Recreation Departments.

Specifically, the License Center needs about 6,000 square feet and staff recommends adding another 6,000 square feet for city office needs. The maintenance facility currently has approximately 57,000 square feet of building space located on approximately three and a half acres. Ideally, for the City's operations we would have 93,000 sq. ft. on about 6 acres. To deal with the lack of space, we currently use about 3,300 square feet at the Fairview Fire Station for storage and the City leases an additional 5,000 square feet for storage in the western part of Roseville.

As has been previously identified, it is advantageous for the License Center and other office space to be located near the City Hall Campus. As part of this analysis, staff has looked at properties nearby the campus and have estimated costs for acquisition and development of those sites. Appraisals have been ordered for two properties, but they will not be completed for a couple of more weeks. Therefore, the costs listed for acquisition are based off the current assessed value plus a premium factored in given the nature of the acquisition. Staff has also looked at the possibility of repurposing the existing maintenance facility for the license center.

Below is an analysis of the different options regarding the relocations of the Roseville License Center for consideration and discussion. Both Options A and B take a similar approach of purchasing a property (known as property #1 and property #2, respectively), tearing down the existing building, and developing the site with a new building to house the License Center and other city office uses. Option C would repurpose the existing Maintenance Facility for the License Center and other City office needs and relocate the Maintenance Facility to a different site in Roseville. With this option, the City would be able to consolidate the existing off-site storage into the new Maintenance Facility. Option D would utilize land in Veterans Park for new License Center Facility. Under Options A, B, and D, the City would still need to have off-site storage given the inadequacy of the existing Maintenance Facility.

Assuming the City Council would still want to consolidate the off-site storage into one facility, we have estimated the costs for this structure for Options 1, 2, and 4.

In the analysis, staff presents some potential funding methods for the different options. These funding methods include using existing cash balances and a License Center revenue bond. However, in each option there still is a large gap that would need to be covered by additional bonding or other funds and fees. At this time, staff has not factored in the sale of the Fairview Fire Station as it is unknown how much the City would be able to get for it, but that projected revenue can be factored in at a later date.

In regards to extending the lease for the License Center at its current location, staff is in discussion with the property owner for a short-term lease and expect to bring the proposed lease to the City Council in the beginning of 2017.
