

Volunteer Roseville!

Natural Resource Renewal – Third Saturday of Every Month

Join an amazing group of volunteers on the third Saturday of every month for a Natural Resource Renewal event. Volunteers gather from 10:00 AM – noon at a designated location to address projects from dragging and stacking buckthorn to shoreline planting to pulling invasive garlic mustard. Each project is part of our efforts to restore the eco-balance to Roseville parks by removing non-native plant species and replacing them with native plants that better support clean water and air, and provide food and habitat for animals and birds. Join us when it works for your schedule. It's a great way to build community and make a big impact with minimal investment.
