

Roseville Voluntary Building Energy Benchmarking Program

Materials and information participants will need to gather:

- Property address
- Property Use Details*
- Total Gross Floor Area of Property**
- Year Built
- Occupancy (%)
- Digital or paper utility bills
 - Utility bills must cover consumption from Jan 1, 2019 – Dec 31, 2019. This may require 13 utility bills, so take a look at the dates for the bills.

*Additional required information varies by building type. Refer to ENERGY STAR Portfolio Manager's Data Collection Worksheet.

**Total gross floor area includes the entire floor area of the building, including common areas and leased spaced.
